FAKE CURRENCY FOES PLOT WAR

Unity Urged in Drive Against
Money Counterfeiting

At Least \$1,000,000 Uttered
Yearly, Says Leader

American Among Officers of
World Conference

GENEVA, April 9. (AP)—Vilém Pospisil, governor of the National Bank of Czechoslovakia, today estimated that \$1,000,000 in counterfeit currency is uttered annually, the estimate being made in the course of his opening address of the international conference on the suppression of counterfeiting.

Mr. Pospisil was elected president of the conference while the vice-president elected was H. R. Wilson, American Minister at Berne and Johann Schober, president of the Vienna police. The five non-league states represented at the conference are the United States, Russia, Brazil, Ecuador and Turkey.

SPHERES EXTENDED

Referring to a draft convention before the delegates for foiling counterfeiters, President Pospisil said the public's difficulty in testing the genuineness of foreign currency and other considerations all encourage criminals to extend their spheres of action by creating counterfeiting in a number of countries.

"The only way to meet this international combination of criminal forces is for all countries to use the same weapons by increasing the possibilities of scientific punishment through closer international co-operation," he said.

The underlying idea of the draft convention is that co-operation should take the form of a unification of municipal law, so as to insure that criminals shall nowhere escape punishment.

COUNTERFEITING DEFINED

The following acts also are to be held to constitute the offense of counterfeiting:

The making of coins, even if their standard and weight

are identical with or superior to

that of the genuine coins; the dimi-

nution of the intrinsic value of

genuine coins by altering their sub-

UNITED STATES JOURNALS LOSE CASTE IN CANADA

VANCOUVER (B. C.) April 9. (AP)—Statements that the economic life of the Dominion is affected and the moral balance of young Canadians is being upset by a flood of United States magazines featuring immorality, violence, sensationalism and crime, have been made at the fourth triennial conference of the National Council of Education.

S. E. Lang said that while many journals and magazines printed in the United States were achieving great good, others were not. He argued that Canada should build up her own literature based upon sound moral grounds, and in keeping with the ideals that were the heritage of her birthright and traditions.

Lang said that repressive measures should everywhere be severe, and that an effective police organization shall see to it that detective measures shall be both swift and well co-ordinated.

PENALTIES PROVIDED

In the draft convention "counterfeiting" means both metallic and paper money. Counterfeiting and the uttering of counterfeit currency in every shape and form are penalized.

Not only the forging and altering but also the uttering of counterfeit currency are to be punishable offenses, the word "uttering" being used to cover printing, circulating or dealing in any form, including the mere introduction, exportation or possession of counterfeit currency with a view to putting it in circulation, provided that the person introducing, exporting or circulating such currency received or profited from it knowingly and with the intention of putting it in circulation.

COUNTERFEITING DEFINED

The following acts also are to be held to constitute the offense of counterfeiting: The making of coins, even if their standard and weight

are identical with or superior to

that of the genuine coins; the dimi-

nution of the intrinsic value of

genuine coins by altering their sub-

stance or weight; the alteration of coins or paper money or bank notes which are no longer currency, with a view to and the result of giving them the appearance of money which is current; any operation with a view to giving metal or paper currency or goods bearing the appearance of currency of a lower value or altering the marks or figures indicating the nominal value.

The draft convention stipulates that in every country investigations should be organized by a central police office within whose jurisdiction also come cases with the central offices of other countries. Communications as to forgeries should be constant between countries. Offenses are recognized as extradition crimes. Any disputes arising from interpretation of the convention are to be settled by the World Court of Justice.

The convention enters into force when five ratifications or accessions by members of the league or nonmembers of the league shall have been deposited.

FATHER OF SIX TAKES LIFE

OAKLAND, April 9. (AP)—Clement Dalgadillo, 37 years of age, father of six children, committed suicide today by hanging himself with an automobile chain tied to a beam in the basement of his home.

Not alone is there a threatened

tendency to lower the moral stand-

ards of the Dominion by allowing

unrestricted importation of United

States periodicals, he said, but the

salesmanship of costly advertise-

ments which make a large portion

of the majority of these publica-

tions to providing unfair competi-

tion to Canadian producers and

was slowly giving the republic com-

mercial ascendancy in the home

market of the Dominion.

Motion pictures shown at the

annual convention that of a total of

nearly 300 publications offered to

the Vancouver public at a news

stand only a small percentage was

produced elsewhere than in the

United States.

status or weight; the alteration of

coins or paper money or bank notes

which are no longer currency, with

a view to and the result of giving

them the appearance of money

which is current; any operation

with a view to giving metal or paper

currency or goods bearing the

appearance of currency of a lower

value or altering the marks or figures

indicating the nominal value.

The draft convention stipulates

that in every country investigations

should be organized by a central

police office within whose

jurisdiction also come cases with

the central offices of other countries.

Communications as to forgeries

should be constant between countries.

Offenses are recognized as extradition

crimes. Any disputes arising from

interpretation of the convention

are to be settled by the World Court

of Justice.

**if YOU DREAM
of a country mansion when
"Chateau Yquem" is mentioned**

THEN there is only one way to dispel the illusion. Take down the receiver of your 'phone, call the nearest steamship agent and book for France on the *Majestic*, *Olympic*, *Homeric*, *Belgenland*, *Minne-
sota* or *Minnetonka*. On your first day there, choose for yourself a comfortable sidewalk seat in front of any of the delightful cafes. The water is pretty bad, so in your best French order from the benign waiter—a light wine. Probably it will be *Chateau Yquem*. But, don't let this little revelation upset you too much. After all, there you are in the world's gayest city and there's much to see and much to learn and ever so much to enjoy. At least the ocean voyage on any *White Star*, *Red Star* or *Atlantic Transport Liner* will compensate for the disillusionment. They are the last word in ocean-going comfort.

HAL SMITH INCORPORATED Furniture of Distinction

Early Californian Art Moderne

One of the Most Interesting Furniture Stores in Los Angeles

Specialists in Custom-Built Sleeping Equipment

in our store, you'll say, indeed, when you have made it a rule—wherever there is to be found furniture of distinctive design, in charming types peculiarly appropriate to California homes, in both historical reproductions, and in the "vogue of tomorrow." The one, true to early California period—the other, modern, bright and colorful, to your particular taste and order. A store, too, of high quality standards—and attractive values.

The modern Davenport and Chair pictured above—an example of outstanding work; all hardwood—50 hand-tied springs over web base, with long ample arms; upholstered in reversible coverings; mounted in Red Satin; Davenport \$97.50; Chair \$99.50—(in green or gold moiré damask, Davenport \$124—Chair \$73.50).

Famous Love Bird Lamps (top) boudoir, slightly arched; silk shades in two colors, yellow or parchment green; lamp table, size, \$17.75—small boudoir size, \$4.00—complete with shades.

Wear Bottle Lamp (center) boudoir size, with pleated shade—14 inches over complete, \$1.50.

A most little lamp (bottom) of old time inspiration from long-ago's oil lamps—all metal—English brass, or bronze finish, as desired, \$3.50.

Coffee Table—shown above—30 inch top, 18 inch diameter—all gum construction; in the natural wood; and the price only \$6.75.

Pier Bookcase, shown at left—with rounded top, in walnut finish; all hardwood; takes but little space, yet has generous shelf room; price \$19.75.

Book Trough Table, shown at left; all hardwood; universally popular; in the natural wood, \$1.95—in black and Chinese red, \$3.95.

These few items give just a hint of the great variety of appealing pieces presented in our large stock.

Notice our extensive ten-window display as you pass!

We invite your visit—come just to look—no obligation entailed!

Our Gas Range and Electric Refrigerator keep gas invades Year!

Viewed above—one of the new, modernized, fine Premier Gas Ranges—"get-acquainted" value that is an outstanding feature—ALL WHITE; over two inches higher than usual; Tonscan rust-resistant oven lining; giant burners—and grates of improved type to prevent tipping of cooking vessels; delivered and connected, \$45.

Specially reduced Terms Third Cabinet service—no extra charges—first payment, one-half \$100.00; regular \$100.00 extra.

Also excellent Second Class from \$127.50.

University to Act on Liquor Story

CHARLOTTESVILLE (Va.) April 9. (AP)—Dean J. L. Newcome of the University of Virginia said today that university authorities would give immediate consideration to the reported action of the Delta Tau Delta Fraternity seeking removal of its Virginia chapter for asserted violations of by-laws and university rules in regard to drinking. A statement will be issued, he said, when action is determined.

Frank S. Hennick, traveling secretary of the national fraternity, recently visited the local chapter and reported that liquor was used in the chapter house. He has written alums of the Virginia chapter and is now meeting the institution's proceedings by the arch chapter, looking to the withdrawal of the local chapter.

CHICAGO, April 9. (Exclusive)—"You were doing seventy-two miles an hour. Believe me, you'll pay for it," stormed Deputy Sheriff William Kowalski of Lake County to the driver of a foreign roadster which he overtook after a five-mile chase along the Green Bay Road today.

"I've done better than seventy-two miles an hour and I expect to do it," grinned the driver, who was accompanied by a young woman.

"Say, who do you think you are—Maj. Seagrave?" snorted the deputy, reaching for his pencil and ticket pad.

"None, I'm Ralph De Palma," announced the driver, producing papers to establish his identity. The deputy allowed De Palma and his unidentified girl companion to proceed.

MIAMI (Fla.) April 9. (AP)—Fear of insanity drove Miss Clara Ella Lang, 48 years of age, of Douglas Manor, to strand on the deck of the Clyde liner Shawnee and end her life at sea Monday night, authorities here reported.

PHOENIX POLICE HEAD QUILS SUDDENLY

OFFICER PROUD WHEN HE OVERTAKES DE PALMA

PARIS.

April 9. (AP)—Death today for the second time visited the Foch family. Col. Alex Fournier, son-in-law of the late marshal, died after a heart attack similar to that which ended his father-in-law's life.

Because of his illness, Col. Fournier had been unable to be at the marshal's bedside or to attend the funeral.

STATE WATER PLAN REPORTED

Legislative Committee Gives Result of Study
Sacramento and San Joaquin Rivers in Scheme
Southland Will Develop Own Supply from Colorado

SACRAMENTO, April 9. (AP)—The long-awaited final report of the joint legislative committee on water conservation and development, and two years' study, was made public today.

Arguing for the most part to a preliminary report made in January, the recommendations of the committee call for the immediate expenditure of \$100,000,000, and the mapping of one of the most ambitious conservation, flood control and reclamation programs ever attempted by a State.

By catching and storing flood water and releasing them at ebb periods to the arid lowlands the State in effect would lend \$100,000,000 for the construction of a gigantic plumbing system: "faucets" at Kennett dam and the Sacramento River mouth serving to furnish water in the same fashion it is furnished for human use in home spouts—when needed.

MAJOR PER CENT

Recommendations of the majority report are to the majority of the stage and committee a bond issue for the construction of a dam for the construction of the San Joaquin River to divert excess water from the San Joaquin to the Sacramento, to cost \$24,000,000, and the complete development of the Santa Ana River toward the interests of flood control and conservation, to cost \$30,000,000. The report was submitted to the State and the interested districts.

The financial burden, though nominally upon the State, will be borne eventually by the report predicted by the committee to be \$100,000,000. Most college men, said, are serious-minded, particularly about their appearance, keep their hair neatly trimmed and their shoes shined, wear clean linen and eschew the coonkin coat, the gaudily painted flapper, hard drinking and bad manners.

GOOD EFFECT
Replies from co-educational colleges declare the presence of women students on the campus has a good effect on the personal appearance and conduct of the young men. It is held, does not as well as excel in scholastic standing, sports or other student activities.

Most college men, they said, are serious-minded, particularly about their appearance, keep their hair neatly trimmed and their shoes shined, wear clean linen and eschew the coonkin coat, the gaudily painted flapper, hard drinking and bad manners.

MINORITY REPORT

The supplementary report, all in accordance with the majority report, but each urging still further action, were made public at the same time.

Bitter criticism of the committee for discarding the proposed salt water barrier across Carquinez Straits at the mouth of the Sacramento was contained in the report submitted by Senator Sharkey of Martinez. Declaring that the barrier was one of the most important of the original units of the co-ordinated plan, Sharkey laid failure to recommend its construction to "political expediency."

SOUTH LEFT OUT

Refusal to concurred in this sentiment was voiced in the minority report of Assemblyman Adams of Livingston, who said he believed the importance of the barrier had been underestimated; also that the State should go slowly in accepting as a final expression of the people of Southern California the idea that the Los Angeles region wished to finance and own its own aqueduct system from the Colorado River. With the recommendations of the committee, as far as they went, Adams expressed himself fully.

The most radical departure from the sense of the majority recommendation was voiced in the report of Senator Swing of San Bernardino. Swing pointed out the danger of committing to power "any or a part of the general" or ultimate, State-wide plan for water conservation. Such a course, he said, might lead eventually to the satisfaction of the needs of certain sections at the expense of others, and the same indifference on the part of their voters when in future the State must consider water measures affecting other regions.

PLANS TOO LIMITED

Admitting the urgency and right to precedence of the projects recommended in the report, Swing said that the entire scheme looks forward to the State's extreme water needs, should be incorporated in one program and submitted to the people. Recognizing the impossibility of voting one issue in a certain amount, Swing suggested that the Legislature should be given the power to authorize issuance of bonds from year to year in order of the urgency of the projects. Assurance that each section of the State would be represented, Swing said, would lie in the provision that a two-thirds majority be required to float each issue.

Members of the committee are Assemblyman Crittenden of Tracy, chairman; Senator Sung of San Bernardino, vice-chairman; Senators Nelson of Eureka, Sharkey of Martinez and Mueller of El Cajon; Assemblymen Barnard of Bute City, Adams, secretary, of Livingston, and Miner of Exeter.

British Cable Union Effected

LONDON, April 9. (AP)—The British Empire cable and wireless merger scheme, suggested by an imperial conference in 1926, bore fruit today in the registration of a company called "Cable and Wireless, Ltd."

The new company was registered to acquire and hold any present and future stocks, shares, etc., in the eastern telegraph company and its eastern extension to Australasia and Oceania, the Marconi wireless telegraph companies and any similar present or future companies, corporations or bodies.

DAUGHTER OF VELIE DIES AT CARMEL HOME

CARMEL (Cal.) April 9. (AP)—Grace Deere Velle Harris, daughter of Stephen A. Velle of Moline, Ill., automobile magnate, and granddaughter of John Deere, plow manufacturer, died at her Carmel Valley home last night from heart disease. She was 57 years of age. Mrs. Harris came here two years ago from Altadena, Cal., where she had made her home for fifteen years.

FLAMING YOUTH GOING OUT FAST

College Survey Discloses He Isn't So Hot After All
Just Small Per Cent Runs to Style of Caricatures

Most Students Found to Be of the Decent Sort

WASHINGTON, April 9. (AP)—The modern American collegian is not "collegiate," but "has higher ideals and purposes, does better and more serious school work, and lives by a higher standard of moral conduct than the student of any preceding generation."

That is the conclusion Henry Grattan Doyle, dean of men of George Washington University, has drawn from his own observations and from statements by the presidents or deans of men of about 300 colleges in reply to a questionnaire.

He undertook the inquiry, he explained in an announcement of the results today, with a desire to correct the misconception of what I believe to be erroneous public opinion concerning the college man and woman today. He will make a detailed report this week at the annual meeting here of the association of deans and advisers of men.

SMALL PER CENT

The "collegiate" of the stage and comic papers is not as popular as 1 or 2 per cent of the student body, the replies agreed, and almost all declared that the slouchy appearance, tumbledown socks, three-day shirts and rumpled collars are exceptions and are disapproved by the majority.

Most college men, they said, are serious-minded, particularly about their appearance, keep their hair neatly trimmed and their shoes shined, wear clean linen and eschew the coonkin coat, the gaudily painted flapper, hard drinking and bad manners.

GOOD EFFECT

Replies from co-educational colleges declare the presence of women students on the campus has a good effect on the personal appearance and conduct of the young men. It is held, does not as well as excel in scholastic standing, sports or other student activities.

Most college men, they said, are serious-minded, particularly about their appearance, keep their hair neatly trimmed and their shoes shined, wear clean linen and eschew the coonkin coat, the gaudily painted flapper, hard drinking and bad manners.

MINORITY REPORT

The supplementary report, all in accordance with the majority report, but each urging still further action, were made public at the same time.

Bitter criticism of the committee for discarding the proposed salt water barrier across Carquinez Straits at the mouth of the Sacramento was contained in the report submitted by Senator Sharkey of Martinez. Declaring that the barrier was one of the most important of the original units of the co-ordinated plan, Sharkey laid failure to recommend its construction to "political expediency."

SOUTH LEFT OUT

Refusal to concurred in this sentiment was voiced in the minority report of Assemblyman Adams of Livingston, who said he believed the importance of the barrier had been underestimated; also that the State should go slowly in accepting as a final expression of the people of Southern California the idea that the Los Angeles region wished to finance and own its own aqueduct system from the Colorado River. With the recommendations of the committee, as far as they went, Adams expressed himself fully.

The most radical departure from the sense of the majority recommendation was voiced in the report of Senator Swing of San Bernardino. Swing pointed out the danger of committing to power "any or a part of the general" or ultimate, State-wide plan for water conservation. Such a course, he said, might lead eventually to the satisfaction of the needs of certain sections at the expense of others, and the same indifference on the part of their voters when in future the State must consider water measures affecting other regions.

PLANS TOO LIMITED

Admitting the urgency and right to precedence of the projects recommended in the report, Swing said that the entire scheme looks forward to the State's extreme water needs, should be incorporated in one program and submitted to the people. Recognizing the impossibility of voting one issue in a certain amount, Swing suggested that the Legislature should be given the power to authorize issuance of bonds from year to year in order of the urgency of the projects. Assurance that each section of the State would be represented, Swing said, would lie in the provision that a two-thirds majority be required to float each issue.

Members of the committee are Assemblyman Crittenden of Tracy, chairman; Senator Sung of San Bernardino, vice-chairman; Senators Nelson of Eureka, Sharkey of Martinez and Mueller of El Cajon; Assemblymen Barnard of Bute City, Adams, secretary, of Livingston, and Miner of Exeter.

ESTABLISHED 1889 • STATE SUPERVISED

1929 is rewarding careful savers

Who saves for his old age?

People no longer save merely for their old age, but to provide opportunities while they are still young enough to take advantage of them—and comforts and pleasure while they are still young enough to enjoy them.

They want to make shorter work of saving and they realize that the more interest their money earns the sooner they will reach their financial objective.

That is one reason why Pacific States Savings is now growing faster than at any time in its long history—but not the only reason or even the most important one.

Far more vital than the 6% paid by Pacific States Savings is its safety, demonstrated by its flawless record of service to three generations of Californians—attested even more positively by its present outstanding financial strength and stability.

If your methods of financial progress are not as safe or as rapid as they might be, send for Pacific States Savings' latest Statement of Condition and learn why more than 48,000 careful savers now have funds in this institution.

ROCK ISLAND TO ADD AIR TRAVEL

President Declares Air-Rail Combination Practical

James Gorman and Party in Southland on Business

Indefinite Stay Planned at Hostelry in Pasadena

Gorman arrived last night in his private car and will make this his headquarters while holding business conferences and observing conditions in Southern California.

Answering questions regarding future railroad consolidations, he said:

"Consolidation is an old game and I neither favor nor oppose mergers, but if the Chicago, Rock Island and Pacific is ever drawn into a combination, it will without doubt be with the St. Louis and San Francisco Railroad."

"The Rock Island operates 8100 miles of track, and although its own rails do not enter this State, it is directly interested in California business. In conjunction with the Southern Pacific, we operate the Golden State route from Chicago to the Pacific Coast."

"Combined air and rail service is certainly practical," said the railroad executive. "I believe there is soon to be a one-day air transport line between Kansas City and the Pacific Coast. My company has made no bid for exclusive service to passengers who will use this line, but I feel sure that we shall obtain our share of the passengers. We have made no definite arrangements for air supplement to our service via rail transportation, but we are considering it."

"I have considered myself a California booster since I took my first trip up Mt. Lowe twenty years ago, and I am glad to hear that this is still one of the things to do. In fact, there are so many things to do here that I don't know how long we shall remain."

In 1895, Gorman became chief clerk to the traffic manager of the Atchison, Topeka and Santa Fe Railroad. He has held the position of president of the Rock Island since 1920.

Church Meet in Pomona

POMONA, April 9.—Pomona will be host to approximately 4000 delegates to the annual County Christian Endeavor convention, which opens here Friday, extending over Sunday. To care for this number of delegates, committees working under W. W. Jones, chairman, have made arrangements for every one of them to be cared for in many private homes throughout the city.

Response to the committee's plan for accommodations has been most favorable. It was announced today that Pomona is ready to receive, house and entertain 4000 people to the three-day session.

Comprehensive daily programs have already been planned, all churches in the city are co-operating to make the delegates stay a pleasant one. It is fully expected that a determined effort will be made by this city to bring the international Christian Endeavor convention to the city next year, when it is anticipated that some 17,000 delegates would be here from all parts of the world.

DEATH RECORD CLIMBS

Fatal Accidents in San Diego Brings Toll to Twenty-two Since January 1

SAN DIEGO, April 9.—The traffic fatality toll for 1928 was raised to twenty-two today with the death in the County Hospital of Mrs. Margaret Constable, 44 years of age, injured in an automobile collision at Sixty-third street and El Cajon avenue, March 26, which already had claimed one life, Conner Schuyler C. Kelly reported.

Mrs. Constable was a passenger in a car driven by J. W. Coombs, 52, of National City. Coombs's car collided with another driven by Harry L. Hulbert, 19.

A coroner's jury which investigateded the death of Mrs. Rachel McKinley, who died shortly after the crash, held that Coombs was responsible for the accident.

Testimony brought out in the inquest revealed that Coombs did not hear or see the approach of Hulbert's car. At the time of the collision, Coombs was making a left-hand turn off El Cajon avenue, testimony showed.

Physicians said that Mrs. Constable's death was the direct result of injuries which she received in the crash, held that Coombs was the two drivers, escaped unharmed.

Another inquest probably will not be conducted. Conner Kelly said, since a jury has already investigated the facts in the case and has placed responsibility.

ACTOR COMES OUT OF RETIREMENT

Bertram Grassby
Cast in role of Felipe at Ramona Pageant.

HEMET, April 10.—The Ramona Pageant, opening here on the 26th inst., has accomplished what talking motion pictures and the stage could not do in bringing actors out of retirement.

Such is the situation revealed through the acceptance by Bertram Grassby, well-known screen and stage star, of the role of Felipe in the outdoor spectacle to be staged in the Ramona bowl.

Three years ago Grassby, who appeared in Broadway productions in New York for ten years and played in the films for fifteen years, definitely retired from the stage and became a highly successful interior decorator.

He was prevailed upon to play the role of Felipe in the bowl last year to meet an emergency after considerable persuasion. He availed it would be his last stage appearance.

Since he definitely retired he has been pursued with innumerable offers to return to the stage. Paint.

"Every Desert and Every Valley" will feature the concert, with the people of Perris Valley singing the national anthem at this great work at the close of the concert.

The concert will prove to be the perfect blending of nature, art, and the people fulfilling the community-cultural-movement motto.

Ernest Bloch's epic rhapsody, "America," will feature the concert, with the people of Perris Valley singing the national anthem at this great work at the close of the concert.

SYMPHONY ORCHESTRA ON DESERT

Concert Sunday Afternoon to Climax Spring Festival at Perris

PERRIS, April 9.—With two successful performances of "Mocking Bird," a historical pageant, having opened the first annual Perris Valley spring festival week, final plans are being laid for the staging of the epochal climax, which will be a desert concert Sunday afternoon by the Los Angeles Philharmonic Orchestra.

This noted musical organization, augmented to 104 pieces, will play the first desert symphony concert of its kind in the history of music. The Perris Valley Desert Theater, on the outskirts of Perris, seventeen miles south of Riverside, commands a view of desert, valley, and snow-capped mountains forming a setting for the music more wonderful than could be imagined by any artist, according to Mrs. J. Carter, sponsor of the concert and a founder of the Hollywood Bowl.

Associated with the superintendent in the conduct of the schools, will be the business manager. They will be the places of the men of the board as a legislative and an administrative body. When the new order is adopted the board proposes to be strictly a legislative body.

For the first time there has been a

THINGS HAPPEN THIS ONE DAY

Ontario Man Has Three Reasons to Celebrate April 6

ONTARIO, April 9.—There is one day of the year that means much to the J. Forest Shipp home in South Vine avenue. Three important events will be celebrated here after every April 6 April 6 rolls around.

Several years ago J. Forest Shipp was born on April 6. Then he met the right girl, and they were married April 3.

The stork thought that was a pretty good day for a visit, so a son was born to the couple April 6, 1929, at San Antonio Community Hospital.

Secure in the conduct of the schools, will be the business manager. They will be the places of the men of the board as a legislative and an administrative body. When the new order is adopted the board proposes to be strictly a legislative body.

For the first time there has been a

CITY HALL BONDS PASS AT COVINA

Inglewood Realty Dealer Wins City Council Seal Over Six Opponents

COVINA, April 9.—Winning general approval of electors today, a \$35,000 bond issue to erect a City Hall was approved, 417 to 142.

Need for such a structure has been discussed for several years until the City Planning Commission, organized less than a year ago, got behind it and recommended it to the board.

Walter R. Heppner, superintendent, virtually will be manager of the schools, and Will Angier, now business manager of the board, will be his assistant in all matters pertaining to school operation. Weinberger said.

According to Jacob Weinberger,

for years an active member of the

board, under the new plan all busi-

ness will originate with the super-

intendent and business manager

and will be their chief

agents directly to the board.

According to Weinberger such action will expedite the business of the schools and will place them on a plane of higher efficiency.

Definite decision on a site for the new building has not been made, but it is tentatively proposed to erect it on city property on East Covina, a site on the hill above which the fire station now exists.

There is said to be ample room on the front of this property for the new structure.

Members of the fire department

are in session to get the vote to-day by transporting voters to and from the polls.

FULBRIGHT WINS SEAT ON OZONEWOOD COUNCIL

INGLEWOOD, April 9.—Jess M. Fulbright was elected Councilman from the Second Ward, and Frank V. Doby was elected from the First Ward today in this city's second election since adoption of a freeholders' charter. Doby was unopposed and received 480 votes.

Fulbright was elected with 157 votes in a field of seven candidates. His opponents and their votes were:

Thomas L. Hayden, 107; former Mayor Samuel H. Spafford, 74; Malton N. Bryant, 65; M. R. Johnson, 29; Fred A. Woerner, 19, and J. B. Barrett, 17.

Jackson Chonster, incumbent of the Second Ward, was not a candidate for re-election.

Fulbright is a well-known mem-

ber of the community, ready and

resides at 834 Centinela avenue.

Complications Added to Pier Controversy

REDONDO BEACH April 9.—The

announcement of Secretary of War

Good that the application of this

city for a permit for an extension

to its new city pier has been re-

turned to the army district engi-

neer of Los Angeles for a report on

the failure of the city to remove

the pier and the removal of the

dam which it had caused.

The situation has arisen over an

assumed discrepancy between the

contract under which the pier was

constructed, and the specifications

provision for the removal of all

parts of the old pier which would

prove a menace to navigation have

been omitted from the contract.

The faction opposing the officials

acceptance of the pier, however,

contends that the removal item was

left out of the contract because

of which the contractor received

for his work and that the officials can-

not, under the law, incur any fur-

ther expense. An injunction suit

supplementing the one already filed

as another complication to the

new pier, was filed by the city.

Both sides are agreed that the

new pier will be a great benefit and

a much larger acreage under culti-

vation will be made available to the

people of Redondo.

GREETINGS FROM BUFFALO

MONTEBELLO, April 9.—Mayor

William F. Cook of Montebello

and his beautiful wife, Mrs. Cook,

extended their best regards to the

people of Buffalo.

Both sides are agreed that the

new pier will be a great benefit and

a much larger acreage under culti-

vation will be made available to the

people of Redondo.

CHILD SEVERELY BURNED

LYNWOOD, April 9.—The first

spring flower show ever offered by

the city was held yesterday at the

Lyndwood Club at their clubhouse

on East Fernwood avenue the after-

noon and evening of the 17th inst.

Miss Floyd Rowles, who has charge

of the show, says that interest is

keen in the project and that reser-

vations for space have been made

by many entrants, among whom are

a number of professional growers.

Mrs. Le Roy Gilliland is garden

chairman.

HIGH LIGHTS IN HISTORY

IN THE SPRING OF 1916 THE BRITISH BLOCKADE, BY CUTTING OFF ALL COMMODITIES INTENDED FOR GERMANY, WAS MAKING THE GERMANS FEEL THE PINCH OF PRIVATION.

PUBLIC OPINION IN GERMANY DEMANDED THAT THE HIGH SEA FLEET, WHICH SO FAR HAD PLAYED A MINOR PART IN THE WAR, SHOULD MAKE SOME GREAT EFFORT TO BREAK OR WEAKEN THE BRITISH BLOCKADE.

IN RESPONSE TO THIS DEMAND, VICE-ADMIRAL SCHEER, WHO HAD BEEN GIVEN COMMAND OF THE GERMAN FLEET IN JANUARY, 1916, FORMED A PLAN OF ACTION WHICH HE HOPED WOULD DEAL A TELLING BLOW TO BRITISH NAVAL PRESTIGE.

1311

The Story of the World War
81—The Battle of Jutland (Part I).

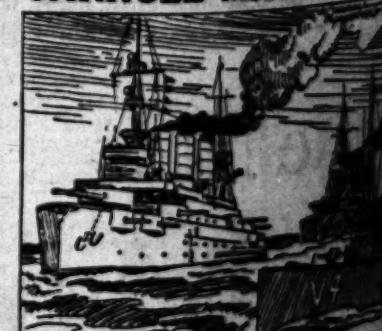

IN THE LATTER PART OF MAY, 1916, SCHEER PREPARED TO ATTACK BRITISH LIGHT CRUISERS OPERATING OFF THE COAST OF NORWAY. HIS OBJECT WAS TO DECOY A PORTION OF THE BRITISH GRAND FLEET OUT INTO THE NORTH SEA, WHERE HE COULD FALL UPON IT WITH HIS WHOLE FORCE.

AT TWO O'CLOCK IN THE MORNING OF MAY 31, THE GERMAN FLEET LEFT ITS BASE IN THE JADE BIGHT NEAR WILHELMSHAVEN AND STEAMED OUT INTO THE NORTH SEA. AHEAD OF THE FLEET WENT VICE-ADMIRAL HIPPER'S SCOUTING FLEET, COMPOSED OF FIVE BATTLE-CRUISERS, FIVE LIGHT CRUISERS AND 33 DESTROYERS.

by J. CARROLL MANSFIELD

IN SHOLE FILE THE SHIPS OF THE MAIN FLEET, WHICH WAS UNDER THE PERSONAL COMMAND OF ADMIRAL SCHEER, FOLLOWED HIPPER ALONG THE NARROW LANE THAT LED THROUGH THE GERMAN MINE FIELDS TO THE OPEN SEA. SCHEER'S FLEET, CONSISTED OF 22 BATTLE-CRUISERS, FIVE LIGHT CRUISERS AND 33 DESTROYERS (INCLUDING SIX PRE-DREADNOUGHTS), MET LIGHT CRUISERS AND 39 DESTROYERS.

FINANCIAL

REINSURANCE TO DOUBLE CAPITAL

Plans of Board Approved at Annual Meeting

Rights Offer on New Stock Due Out Shortly

Profits Report Issued for First Half-Year

Stockholders of the International Reinsurance Corporation at the annual meeting yesterday unanimously approved the recommendation of the board of directors to double the corporation's capital stock, increasing it from 100,000 to 200,000 shares of \$10 par value. Of the new authorized shares, 50,000 will be issued immediately and stockholders of record the 30th inst. will be given the right to subscribe for one new share of stock for each two held at a price of \$40 per share.

All directors were re-elected and at the directors' meeting held after the annual meeting the officers were re-elected: Carl M. Hansen, president; W. J. Philip Bird and Eugene A. Wiedemann, vice-presidents; J. V. H. Challis, secretary-treasurer, and M. H. Jackson, assistant secretary.

Mr. Hansen reported that for the nine months of operations of the company, premium on premiums last July, net premiums written were in excess of \$200,000 and that expense and loss ratios were satisfactory with the outlook for the future promising.

EARNINGS TOLD

The new issue of \$60,000 shares will add \$50,000 to capital and \$10,000 to surplus and reserves, placing the corporation in a position to meet the demands of increased business, Mr. Hansen said.

The report on the results of operations for the six months ended December 31, last, showed total income of \$1,069,072.34. Net premiums written amounted to \$1,045,271.19. The net loss on premiums \$55,328.02, from which an excess of income over disbursements for the six months of \$1,011,311.31. Of this amount \$822,892 has been assigned to reserves and \$84,415.31 was added to surplus account. The gross administrative and insurance expenses for the six months from \$3,600,000 originally paid by the shareholders to \$4,011,311.31.

Both loss and expense ratios for the six months were considerably below normal, but the period is too short to warrant drawing any definite figures, the report states. The management expenses amounted to 3.36 per cent of the premiums written.

ESTIMATE EXCEEDED

The first half year's operations exceeded by about 50 per cent the estimate of \$1,000,000 originally made for the first year, Mr. Hansen said.

(Continued on Page 14, Column 3)

6% Definite Yield
plus opportunity to share in additional earnings.

The cumulative preferred stock of Electric Shredders Corp. has come stock purchase warrants and is also convertible into common.

Net assets \$195 per share—consisting principally of holdings in established successful enterprises.

Those investors are offered a definite yield plus an opportunity to share in profits.

PACIFIC FINANCE BOOSTED

Split-up Rumor Denied Today by Rule; Advantages of Plan May Lead to Action Later

BY EARL E. CROWE

While common stock of the Pacific Finance Corporation was registering another new high yesterday at 120, the financial district was busily passing along the rumor that the stock would be split at today's directors' meeting. Later in the day, however, this interesting bit of gossip was quelled when O. Ray Rule, executive vice-president, denied that the board would take any such action.

DAILY AVERAGE OIL OUTPUT IN SHARP ADVANCE

NEW YORK, April 9. (AP)—The daily average gross crude-oil production in the United States increased 30,850 barrels for the week ended the 8th inst., totaling 3,065,100 barrels, says the weekly summary of the American Petroleum Institute. The daily average production east of California was 1,860,900 barrels, an increase of 35,550 barrels.

Rio Grande Oil

Along needed plan for saving the nation's oil supply now being determined by the major oil companies satisfactory to the United States Government, its adoption bringing a quick and favorable action in the better oil fields according to general opinion.

We believe Rio Grande Oil is in the nation's favorably situated. Its holdings include properties in the famous wood terrace field (which is held in joint ownership with Barnstall). Its management comprised of experienced men whose capabilities have been demonstrated. We believe Rio Grande will sell much higher.

A Paying Market

ONE FAMILY may be far richer than another, but both have certain habits in common. For instance, they sit in chairs, use tables, sleep in beds.

Every family needs furniture and buys furniture.

The man or woman who goes into the furniture business is always sure of a market.

Many furniture openings are presented day by day in the "Business Opportunities" columns of the

Pair Saved After Drifting at Sea in Launch for Forty-eight Hours

FOOD, FUEL AND WATER LACKING

Long Beach Fishermen Picked Up by Coast Guard

Relief Given by Warship But Motor Balks Again

Craving for Cigarettes Felt Most, They Say

Rescued after sea journey. Thirty-five miles off Oceanview, two Long Beach men who started off Sunday on a fishing trip in a launch were towed into Los Angeles Harbor last night by Coast Guard cutter No. 260. Prior to their rescue by the Coast Guard on Monday, they had been adrift by the U.S. Colorado following two days of toiling helplessly without fuel, water, food or covering. A half-hour after that relief, the launch had broken down for a second time and was drifting when picked up by the cutter.

The two men rescued are Roy Gowens, a salesman, living at 1627 East Sixteenth Street, Long Beach, and Leo Morris, of 1722 Gaviota Street. On Sunday they started out for a day's fishing between Long Beach and Catalina Island. They cruised in Gowens' launch and at 3:30 p.m. Sunday their gasoline supply was exhausted. They had to leave their boat with the drift west. They did not worry at first, supposing they would be picked up, but night fell without any craft noticing their signals.

OLE AND TIRE BURNED

They drifted Sunday night, all day Monday and until 3:30 p.m. yesterday. During the day they turned their lubricating oil as a signal and they had to use a heavy smudge by burning an automobile tire. None of their signals was answered until 3:30 p.m. yesterday when the Colorado maneuvered to them and sent over a boat with fifteen gallons of gasoline, food and water. Gowens and Morris asserted they were very hungry and thirsty but were not actually suffering when thus relieved.

They were blackened by exposure to the sun and to the smudge from their signal fire. Mostly they clung to the wreckage. When the fuel tank and tire were sent on their way by the warship, the launch had not proceeded toward shore a half-hour before the motor grew hot and snapped a rod. This was due to the fact that the engine had been running on all the lubricating oil in signaling. Again they were adrift.

ON THE LOOKOUT

Coast Guard cutter No. 260, commanded by Boatswain's Mate R. T. Hollywood and with George James, mechanic's mate, at the wheel, was cruising in search of the missing men. When the cutter sighted the Colorado, it stopped and put after the warship, intending to ask the officers to keep a lookout for the missing men.

FACE WHIPPING AROUSES WIFE

Bouquet Assertedly Used to Strike Her, so She Gets Divorce Decree

Edward C. A'Hearn whipped the face of his wife, Charlotte A'Hearn, with a bouquet of sweet peas, and that was not severe enough punishment, so he struck her with his fist, she testified yesterday before Superior Judge Yankwich when asking for a divorce.

"He was insanely jealous of me," the wife declared. "On one occasion he got angry at me and blackened my eye."

The couple married at the Juana on September 23, 1928, according to the complaint.

The decree was granted.

ing men. On their way to the warship, they sighted Gowens' launch. Morris, a drift seven miles off Laguna at 4:15 p.m. The cutter towed the launch to the navy landing in the harbor. There Gowens' wife and some friends were waiting. Gowens' wife came to carry the men home to food and baths.

Gowens and Morris asserted that they did not suffer greatly. They were cold Sunday night, being without blankets. The sea grew rough as they were towed farther from shore. They had to bail considerably. They said they felt worried after a day of signaling without getting any response. Both men remained continuously on watch during their drift, and when they landed last night were clattering for cigarettes and sleep.

SKULLS HIT AT FEROCITY

been excommunicated in the church and removed from the tribe. Although there also is a plausible and well-substantiated theory that the tribes were constantly at war. It is thought that in ancient times the tribes will cling to hooks of steel, it is friendship; and friendship, on honesty and integrity.

"I have been profoundly surprised and deeply appreciative of the reception you have given me," he said. "Don't expect too much of me. You must supply the most of that most-needed ingredient to the success of the government of this city."

POLICE FIND

YOUNG WIFE GONE WEEKS

Woman Feared Victim of Underworld Returns to Home With Husband

After providing a three weeks' mystery by her disappearance Mrs. Agnes Ehrlich, 18 years of age, yesterday went back with her husband, Sidney Ehrlich, to their lodgings at 147 West Fourteenth street. She had not been lured away by any underworld agents, she said, but merely had hidden to give her husband a chance to get away.

Detective Lieutenant Sanderson and Kynette took Mrs. Ehrlich in charge at Temple and Main streets and took her to Central Police Station. They called in Ehrlich, who wept as he returned, young wife and took her to the station.

The couple married at the Juana on September 23, 1928, according to the complaint. The decree was granted.

Agnes Ehrlich

thing to do in the next ten and twenty years with the growth and prosperity of this area, need not concern ourselves about the attraction of wealth and population to our community. That is assured. But we must concern ourselves when people come here; they are assured of a place to dwell in reasonable safety and in clean surroundings.

"We welcome the world in 1932 through the Olympic Games," he said. "We hope to you here, because many of you are to be very close to me in the next few years that Los Angeles must be proud of itself when these visitors come. We need have no fear but that the Los Angeles will be the first opportunity to evidence against him in the ocean.

While the new angle of the case drew attention, the investigation did not stop. The officers worked to get more information about two physicians reported to them as suspect on Monday. One of the physicians is declared to have been involved with women before, while the second is asserted to have disappeared with a young girl about six months ago.

REDLANDS CLEW

From Redlands came a report that officers in that community are checking on the possibility that the man seen by Mrs. Grimes was the man who disappeared yesterday. The man is John R. Rames, 14 years of age, who disappeared from Redlands about a week ago.

Constable Rivers and Chief of Police Thomas of Redlands said the girl was as large as a grown woman.

A. A. Stillier, 2716 California street, Walnut Park, reported to authorities yesterday that a young couple between a young couple on East Florence avenue on March 31, during which the man used threats against his companion. Stillier declared the police assert that the man drove to fix tire on an automobile and that the man had a tire iron in his hand as he prepared to drive away.

Despite the many "tips," Capt. Bright admitted that the investigation had unearthed little evidence of recent days. The officers, however, made late appearances of Chapman in A. Day, S. W. Traylor and Alphonzo Bell, principals identified with the plant project, Roland McNitt, attorney for the project, said he wished also to have as witnesses his mother-in-law that his wife disappeared twelve days ago in Los Angeles.

A. E. St. John, an explosives dealer, testified that the proposed plant would require about 55,000 pounds of explosives yearly to loosen earth enough to mine his requirements. He said this amount probably would be used at once or within twenty-four hours and would loosen 32,000 tons of earth, sufficient for a year's operations.

He spoke for transportation of explosives through Beverly Hills to meet requirements of the year.

St. John testified that in the eight years that he has been in business here his company, two or three weeks a week, sends two to four-ton trucks, which carry explosives through Beverly Hills to meet the regular explosives needs of the surrounding territory. He said his company handles about 30,000,000 pounds of explosives a year and has never had a transportation accident.

Gordan testified that instead of exploding the full charge all at once to loosen a year's supply of earth, the amount probably would be "shot" in series over one twenty-four period.

That night, Lewis asserted, he started to see his car on the street here and was certain that his wife and Naum were in it. He did not mention his wife, Mrs. Lewis, but he said he called to them but they drove away and disappeared.

According to his story he made an effort for several days to locate her and finally wired Mrs. Blanton.

It was informed Mrs. Blanton had not heard from her since March 27, but had heard nothing from her. Lewis said he arrived in Salt Lake City last Sunday from Los Angeles. His telegram to Mrs. Blanton caused her to appeal to authorities to apprehend Lewis.

Lewis' efforts last night were attempting to locate Miss Jackson and Naum in Brawley.

SAYS JIE LEFT HER HERE

He said his wife, accompanied by Ruth Jie, 522 D street, Brawley, offered to drive the women to Los Angeles, but he had just purchased to the Colorado city. Accompanied by Willmar Naum also of Brawley, Lewis said he rode with the women "through Valley Boulevard and then returned to Los Angeles."

Lewis' dispatches said he lost track of his wife on the night of March 27, last. On that date they quarreled and it was decided that they should leave their Brawley home and Mrs. Lewis was to return to her mother, Mrs. John Blanton, in Colorado Springs.

Lewis' dispatches said, declared he lost track of his wife on the night of March 27, last. On that date they quarreled and it was decided that they should leave their Brawley home and Mrs. Lewis was to return to her mother, Mrs. John Blanton, in Colorado Springs.

HERE'S SOUTH POLE PUZZLE

(Continued from First Page)

THE way to make sure of satisfactory painting work on stucco is to look to both ends of the paint brush... to see that the skill of a master painter goes on the handle and good paint—pure lead paint—on the bristle end.

For generations master painters

have built reputations for the finest

work with pure lead paint as a

partner. It weatherproofs stucco

completely, just as it does wood and

other materials. This paint the

painter mixes specially to suit the

conditions of the job in hand, using

Dutch Boy white-lead. You get a

durable, non-peeling, non-scaling

paint job—one that keeps out mois-

ture and thus prevents the stucco from cracking.

And as for color, you can have the exact tints and shades you prefer for this paint is also tinted to order.

Write us for detailed information about the use of pure lead paint on stucco. Also request our new booklet on painting, "The House We Live In."

FILM PAIR DECIDE TO LIVE APART

Director James Cruze and Betty Compson Separate, But Continue Friendly

Six years of married life were interrupted yesterday when Betty Compson and her husband, James Cruze, film director, came to a parting of the ways. Miss Compson left the Cruze estate in Plantation yesterday to take a house at the beach. The director is to remain at the estate.

The news of the separation was a surprise to the public. The couple separated, they said, on friendly terms. Whether a divorce is to be instituted depends on what happens in the future, they said. It was intimated, however, that there is little hope for a reconciliation.

According to Miss Compson, the cause of the separation is merely the fact that Cruze insisted upon remaining at home nights, refusing to travel to the studio to gather for the film colony to pretresses and other events. Her protests, she asserted, against holding open house on Sundays, her only day of rest away from the studio, were in vain, too.

"It may sound silly, but that's it. We parted the best of friends and whatever plans she makes for the future or for divorce are agreeable to me."

"I think we will be happier," Miss Compson said. "He always wanted to sit at home and read and study, while, like any woman, I wanted him to go places with me, but he wouldn't. We just decided it might be better for us to follow separate paths in the future. There is absolutely no ill feeling between us."

Cruze's marriage to Miss Compson was his second, his first wife being Marguerite Snow. Miss Compson has been a member of the Pacific Coast Advertising Club, of the Advertising Club of Los Angeles, and the Los Angeles Women's Club, advertising director of the latter. She is a member of the Los Angeles Art Club, artist, and has made a sketch of the

Eight Occidental Athletes Selected to Make Trip to Kansas and Drake Relays

STAR RUNNERS WILL GO EAST

Squad to Make Journey to Two Big Carnivals

Will Trek Eastward After Stanford Trackfest

Appleton to Do "Iron Man" Stunt in Meets

Definite announcement of the trackmen to represent Occidental at the Kansas and Drake relays, the 20th and 27th inst., was made yesterday afternoon by Graduate Manager Elmer E. Appleton, of the Beaufort camp. Eight cinderpath performers and Coach Joe (Timber) Timmer will comprise the invading party.

The eight man team includes Capt. Bearie (Willie) Goodwin, Charles Ruth, Ivan Bellman, George Ford, Fred Appleton, Donald Imler, and either Cameron Mullard or Rud Crawford in the relay events. Wendall Smith, "Oxy's" "Iron Man," will accompany the group as the eighth individual, to be entry in the decathlon.

Little Fred Appleton, whose best event is the 440, will replace Wendall Smith as the "Iron Man" on this trip. Appleton will perform for the Orange and Black in the 440, 220, 100, and relay in both relay meets East.

Present plans, which are fairly definite, call for the departure of the group Friday night. The party goes direct to Palo Alto where the annual All-Southern Conference and Stanford meet takes place Saturday afternoon. Participating in this affair are Goodheart, Imler, Autch, Howard, Smith, Hall Brown and Appleton.

From Stanford the contingent leaves for San Francisco Monday evening to Lawrence, Kansas. The University of Kansas is the host of the Tigers until Sunday evening following the relay meet there whence the team moves to Des Moines, home of Drake University. Here the Oxy contingent will be in the Drake meet and leave for home, arriving the 30th inst.

SPORT SKETCH BY FEG MURRAY

(Continued from First Page)
an all-American fullback and a good enough baseball player to pitch for the South Bend team for a couple of years. He also played on the Stanford basketball team. Rother does not play baseball, as far as I know, he is not yet the football player that Nevers was, but he has two years to go and he is much better basketball.

"An athlete and see the world," is Rother's motto, and there's plenty more traveling ahead for him, too.

CARDINAL TRACK SQUAD WILL DEFEND LAURELS

STANFORD UNIVERSITY (Palo Alto) April 9.—Stanford's great track-and-field team will go to the annual LC4A, meet this year to defend its national title. This decision was announced today by the Board of Athletic Control, putting at rest rumors current last winter that the university would not again undertake the expense of the eastern trip, which amounts to about \$3000. The intercollegiates are to be held at Franklin Field, Philadelphia, on May 31 and June 1.

FALCON TELLS OF FINAL JUNIOR OLYMPIC TESTS

BY JOHN FALCON
National Junior Olympic Games Champion

Two days before the National Junior Olympic meet our party, consisting of Boyd Comstock, Bill Henry, Coaches Friar, Dietz and Colley, Mike Pina, Rex Heap, Jerry Deal and myself, took up our quarters at Atlantic City, where the first of the boys had been in constant training during our trip across the continent since we had a baggage car attached to our Pullman for that purpose. After getting settled, we went to the field where the meet was to be held and through our efforts we were the only ones there, however, for it seemed that every boy who was to compete was there also.

The day of the big contest dawned, but not bright and sunny as would have been the case in sunny California. It was raining, but the meet still started before the rain stopped, although it did not clear up all day long. The weather was cold enough to give me lots of pop; at least I felt

first went out for the track team in January, 1929, and I was sure that he could put the sixteen-pound shot 46'. Under the expert tutoring of Coach (Dink) Templeton, he increased this distance until he hit the 50' mark, the LC4A.A.A. meet in Cambridge, Mass., taking second place to his teammate, Eric Kraus. Just recently he added a foot to this mark at the indoor meet in Seattle between Standard and the University of Washington.

Harlow's athletic ability gets him many a nice little jaunt around the country. About the 20th of May, 1928, he went from Palo Alto to Boston for the intercollegiate track meet in Cambridge, Mass., taking second place to his teammate, Eric Kraus. Just recently he added a foot to this mark at the indoor meet in Seattle between Standard and the University of Washington.

The possible postponement brought loud roars from the Huskies camp. The Wildcat is nearly on edge and racing to go. He says Emanuel is taking the easy way out.

Standard manager of the Olympic, also is not keen for a postponement. His billboards say April 15, and the possible switch gets up his machinery.

Young Emanuel was brought down from his camp at Beery's ranch Monday morning after he complained of soreness in the hand. He visited both Spencer and Mace in the afternoon and again yesterday.

Pop Emanuel returned to Beery's Monday night, but broke camp yesterday and moved in bag and baggage to the city.

OPEN DAY

If the fight is postponed it will go over to Tuesday, the 23rd inst., there being an open date at the ball park and no game that afternoon.

However, Commissioner Woods said last night he would call for additional forfeit money if the bout is set back.

Emmanuel tried out his sore hand in a two-round workout at the Manattian Athletic Club next Saturday night. Keltner, who has yet to suffer a knockout, has a long record of two wins and one sheet. Only one man has stayed four rounds with Hernandez. That was Frankie Burns whom the Mexican punched dizzy in the Olympic ring last week.

DECIDE TODAY ON BOUT DATE

When Bad Golf Form is Not Unorthodox

BY SOL METZGER

The loose left elbow and the slightly bent left arm at the elbow, two weak positions constantly warned against by golf stars, can't be such big faults; else the Joneses and others would not be driving so hard.

The first event, the 75-yard dash, opened at 10 a.m. July 11. It seemed to me that about 100 feet were completed in such a short time.

The first of the boys had been in constant training during our trip across the continent since we had a baggage car attached to our Pullman for that purpose. After getting settled, we went to the field where the meet was to be held and through our efforts we were the only ones there, however, for it seemed that every boy who was to compete was there also.

The day of the big contest dawned, but not bright and sunny as would have been the case in sunny California. It was raining, but the meet still started before the rain stopped, although it did not clear up all day long. The weather was cold enough to give me lots of pop; at least I felt

STECHER VS. MALCEWICZ

Lou Doro Signs ex-Champion to Wrestle Utica Matman in Show at Olympic Next Wednesday

Joe Stecher, the "scissors king" and former world's wrestling champion, and Joe Malcewicz, the 200-pound Utica mat sensation, will clash in the feature event of "Carnival" Lou Doro's mat show at the Olympia next Wednesday night.

Stecher was signed to the match yesterday after less than a week of negotiations. He declared the only reason he is taking the match is that he hopes to get a chance at Champion Gus Sonnenberg, world's champion, if he disposes of Malcewicz.

Malcewicz is one of three wrestlers who have defeated Stecher. The backward body slam expert was awarded Stecher's title and a default victory over him when the two met in the 1926 National tournament.

Stecher has not had a chance to win back the title since he lost it to Ed (Stranger) Lewis in St. Louis Feb. 20, 1928. He believes he

is in condition for a title match this time and hopes to prove it by nailing the Utican to the mat.

NICE STREET WORK LAUNCHED

Plans of Intention for
Trolleyway Adopted
Highway Linking
South Cities Sought
Existing Avenues Also
Will be Improved

of the largest street-opening and paving projects undertaken in the city was launched officially yesterday with the adoption by the City Council of the ordinance authorizing the assessment district for what is known as University and Second-avenue in the University and Second-avenue district in the city.

Plans of the assessment district are to be formed by the County Board of Supervisors and previously the Board of Supervisors appropriated \$200,000 of the city's money toward the cost of the paving.

The cost is estimated at \$240,000 for paving and engineering expenses.

No estimate has yet been made of the cost of improving the existing streets and the completion of the paving and widening proceedings.

SECOND STREET SOUGHT

The street is designed to provide a through highway between the city and the University of Southern California.

The main street is to be Second Avenue, and portions of University and Second avenues will be 100 feet and 110 feet respectively.

Several streets in Venetian Park will be 100 feet wide.

State Route 10, a new highway, will be established along the line of the El Segundo Avenue.

From there on

it will be widened to

110 feet.

It is planned to widen the widening of

Second Avenue to West-

minster Street, but that

the project is being held

up by the cost of the

project, and it was not im-

possible that the ordinance adopted

will be changed.

Second Avenue will be carried on

Second Avenue, which will be

widened to the present line to

110 feet. At that point the

line of Second Avenue will

be moved so as to connect

it with Main Street.

Westminster Avenue will be

widened to 110 feet.

Westminster Street from

El Segundo Avenue to

Westminster Street from

Trolleyway to

Westminster Street, and

Westminster Street will be

widened to 110 feet.

M·J·B Coffee Seattle to Hollywood with Pig'n Whistle

THE fifteen famous Pig'n Whistle confectionery stores in Los Angeles, Pasadena, Hollywood, San Francisco, Oakland and Seattle feature M·J·B Coffee . . . "We want to again tell you how pleased we are with M·J·B Coffee" (says General Manager Hoedemaker). The full flavored richness of M·J·B is a real coffee treat. All the natural goodness is sealed into each can by M·J·B's own vacuum process.

SOCIETY

BY JUANA NEAL LEVY

One of the lovely affairs of the week was the luncheon and bridge with Miss Louise Innes entertained at the home of her aunt, Mrs. Willard James Doran, in South Hudson avenue, honoring two of the season's debutantes, Miss Esay Jane Myrick and Miss Rowena Thom, a dozen members of the younger set being bidden. Spring flowers and ferns were on the luncheon table, with yellow and green as the color motif.

In Hawaii

Mrs. Horatio Walker, Jr., and her sister, Mrs. William Stickney, are enjoying a month's visit in Honolulu.

Wedding Announced

Mrs. Isaac Newton Hutzberger announces the marriage of her daughter, Mrs. John Reding Peck to Heath Scott Gerity, the ceremony taking place Friday, the 13th inst.

Also, Mr. and Mrs. Gerity will be at home to their friends at 2320 Seventh avenue, Los Angeles.

Leaving Shortly

Miss Evelyn Hamburger and her sister, Jeanne, are leaving Sunday for the East, sailing from New York May 4, for Paris. They are planning an extensive motor trip this summer through Belgium, Holland, Denmark, Sweden, Germany and Austria, returning

THE WONDER ROUGE OF THE DAY . . .

"NOT until I tried it myself, would I believe a rouge could be so wonderful. It looks easily to any shade of pink, from delicate to brilliant. It is natural looking in daytime as it is at night. It is Zanuber."

MOTHER GIVEN LONG JAIL TERM

Woman With Five Children Must Serve One Year
Selling Pint of Whisky Brings Sentence
Another Drawn 180 Days for Similar Charge

Mrs. Lubia Elsie, 41-year-old mother of five children, yesterday was fined \$200 and sentenced to one year in jail, and Mrs. Mabel Marino sentenced to 180 days in jail following guilty pleas to charges of selling liquor.

The sentence meted out to Mrs. Elsie by Judge William Thompson, sitting in the Van Nuys branch of the Los Angeles Municipal Court, and who also sentenced the other woman, is said to be the longest ever imposed on a woman defendant in a liquor case in Los Angeles.

A. C. Thompson, 1807 Montana street, committed suicide in night court yesterday. The Coroner said he learned that Thompson had brooded over domestic troubles.

William Medick, 37 years of age, a private tutor living at 360 South Buena Vista, was found dead through the body above the heart last night, the police reported.

He was treated by Dr. Nelson, it was said, he might recover.

Medick, a native of San Francisco, was found unconscious four weeks ago, his left arm was paralyzed. He brooded over this, and, his wife said, he frequently threatened to end his life. Last night he sent her to a neighbor's home. His wounding followed.

With tears in her eyes Mrs. Elsie pleaded that she had sold the liquor in an effort to help support her family, but Judge Thompson turned a deaf ear to the excuse.

After taking Mrs. Elsie into custody, the officers charged, she went to the home of the Marino's at Vaughn avenue and Remsen street, northeast of Van Nuys, and there purchased a bottle from the wife.

Both sentences will be served in the Los Angeles City Jail.

FUND VOTED ON OPENING SAN PEDRO

Council Awards \$300,000 for Job Including Work of Straightening Jogs

The completion of an important link in the Major Traffic Street Plan was provided for with an allocation of \$300,000 from the 9-cent fund by the City Council yesterday for the opening of San Pedro street between Vernon avenue and Thirty-eighth street and the elimination of two large jogs in San Pedro street, at Fifty-first street and at Vernon avenue. The project will make San Pedro street a through highway from Wilmington to Aliso street.

The section of the street to be opened will be made eighty feet wide, to conform with the width of the portion past the Fifty-eighth street. Florence avenue, which covers the complete length of the street, is also eighty feet wide. The portion between Florence and Vernon avenues is sixty feet wide and its widening to eighty feet is contemplated as a separate proceeding in the future, according to Councilman Lewis, chairman of the Council's Street Opening and Widening Committee.

The allocation of \$300,000, which was made on recommendation of both the street-opening and widening committees, will cover the completion of the opening of the new section of the street and the elimination of the two jogs, according to Councilman Lewis, and will even cover most of the cost of the paving and improvement of the new section.

Police Trio Honored for Saving Life

Police Officer Fred W. Allen was presented with a medal and he and Officers Clarence A. Marshall and Elmer N. Casey were presented with meritorious certificates from the National Safety Council yesterday at the Police Commission meeting by President Schweizer for their work in saving the life of Mrs. Adele Tucker, 65 years of age, when she was overcome by monoxide gas November 17, 1928.

The rescue took place, Schweizer was informed, at the Tucker home at 5120 Ranqueview avenue. Mrs. Tucker was too far gone to revive and died. Allen assisted by the two officers, revived Mrs. Tucker by the Schaefer prone method of resuscitation, for which the National Safety Council awards medals and certificates.

The woman, compelled to use an ear trumpet, was at the presentation and added her commendation to that of Schweizer in behalf of the three officers.

Reconciliation Failure, Says Wife's Lawyer

In an effort to show that an interlocutory decree of divorce is valid even after a reconciliation has been tried and has failed, Attorney A. P. Narilan yesterday presented to Superior Judge McCormick a motion that the final decree of divorce be entered in the case of Mrs. Juanita Croiland vs. Alan Croiland, film actor.

Mrs. Croiland's interlocutory decree was granted April 12, 1927, but subsequently the couple became reconciled and lived together. Now Mrs. Croiland says her husband's promises have not been kept and her attorney is prepared, he says, to show they were fraudulently given.

The owner of the sanatorium, where Hazeilie died, was given a portion of his estate.

English music halls are banning "freak" acts, showing "half-man-half-woman," "spider men," "sword swallowers" and like human curiosities.

WOMAN AND MAN TAKE OWN LIVES

Another Shoots Himself Through Body But Doctors Say He May Live

Mrs. Goldie Isabelle, 40 years of age, of 507 North Hicks street, Belvedere Gardens, last night was found dead by hanging when deputy sheriffs, summoned by neighbors, broke into her home. The death was reported as a suicide. Deputy Sheriffs Jensen and Usell, who made the discovery, reported that apparently the lonely woman noosed a sheet around her neck after tying it to the top of a door in her room, and then jumped off a bed.

Mrs. Isabelle lived alone, her husband being in Denver, while a daughter, Ruth, 20, is a student at 140 Ridgeaway, Belvedere Gardens. The woman is another daughter, Bertha, 19, whose address was being sought last night.

A. C. Thompson, 1807 Montana street, committed suicide in night court yesterday. The Coroner said he learned that Thompson had brooded over domestic troubles.

William Medick, 37 years of age, a private tutor living at 360 South Buena Vista, was found dead through the body above the heart last night, the police reported.

He was treated by Dr. Nelson, it was said, he might recover.

Medick, a native of San Francisco, was found unconscious four weeks ago, his left arm was paralyzed. He brooded over this, and, his wife said, he frequently threatened to end his life. Last night he sent her to a neighbor's home. His wounding followed.

Closer Alumni and Fraternity Bonds Stressed

Closer relationship between the alumni and active members of fraternities chapters in Southern California was stressed last night at a dinner for fifty-five undergraduate presidents of fraternities from the University of Southern California, the University of California at Los Angeles and the University of California at Berkeley.

The meeting was held at the University Club, Shirley

Meserve, president presided.

An open forum was held after the dinner during which speakers discussed important phases of fraternal life.

Dean Cunningham of Metropolitan College, University of Southern California, argued for a liberal viewpoint toward fraternity life.

The country is constantly expanding and the fraternities should keep pace with the times, he declared. Dean Miller of the University of California at Los Angeles spoke on "the benefits of rightly conducted fraternities."

Reserve told the fraternity presidents that the association is working toward a schedule of advisory visits by alumni to the active chapters, where the problems of making the students can be discussed with older and more experienced men.

Ground Broken for Philosophy Hall at U.S.C.

Fear-Harried Federal Worker Leaps to Death from Fifth Floor of Hotel

Obsessed by hallucinations of being spied on, John Tipton, 32 years of age, yesterday leaped from a fifth-floor window of his room at the Ritz Hotel, 813 South Flower street. He died two hours later in Georgia-street Receiving Hospital. He was a special agent of the intelligence unit of the United States Bureau of Internal Revenue. His home was in Trinidad, Colo.

In plunging to death, Tipton struck a telephone wire which broke his fall. Then he fell on, striking a wooden sewer cover. Instead of being killed instantly he suffered terrible internal and external injuries of which he died lingeringly. While dying he incriminated accused men of being "after" him and said he had jumped because he knew they were "going to get" him.

S. H. Hamer, in charge of special agents here, and J. F. Donohue, a special agent living at that hotel, told detective that Tipton had acted irrationally for a week. Monday night they found him crying in his room, where he had remained, refusing to go out. They took him home and tried to soothe him. After he quieted down, police broke into the main's locked room and found \$100 in cash and \$400 in uncashed government pay checks as well as a bank book showing that he had \$1,000 deposited in a Pittsburgh bank.

Tipton was a thirty-second degree Mason and a member of Rocky Mountain Consistory, Denver, Colo. Mrs. C. F. Tipton, lives in Trinidad; a brother, in San Francisco, and a cousin resides in Los Angeles. They were notified. The brother telephoned that he will take charge of the body.

Suitor Beat Her, Woman Charges

MR. HARMON'S BURIAL TO BE AT INGLEWOOD

The funeral services for Mrs. Alice Ettie Harmon, 76 years of age, will be conducted today from the Pierce and Low chapel, 828 West Washington street, at 2:30 p.m. Interment will be in Ingewood Cemetery.

Mrs. Harmon was the widow of John Henry Harmon, a charter member of the Fraternal Order of Eagles. Her son, Herbert Harmon, 40, died about fifteen years ago, was a sailor in Admiral Dewey's fleet, and veteran of the Spanish-American War.

Harmon came to Los Angeles in 1888. She died last Thursday in her home at 140 West Fifteenth street. She leaves a daughter, Mrs. Pearl Harmon Kieran, four grandchildren and four great-grandchildren, and a sister, Mrs. Jessie B. Wile, all of Los Angeles.

ALUMNI BODY TO MEET

Newly elected officers of the Alumni Association of Southern University will hold their first meeting early next week. The officials include Judge Irving Austin, president; Charles Murkin, first vice-president; Albert Schultz, second vice-president; R. B. Richmond, secretary; Samuel Rosenthal, treasurer, and Hilarie C. Moncada, alumni historian.

Husky Ketch Proves Seaworthy

Five-Year Trip Ahead
Nomad at anchor in Los Angeles Harbor. Inset—Capt. Stetson and Salty Marco Polo, the mascot.

DARING LITTLE BARK HERE PREPARING WORLD CRUISE

Al Hansen, seaman, and "Salty Marco Polo," the dog.

While the enjoyable business of seeing the world will be the chief purpose of the Nomad, it is already stocked with novelties on every conceivable subject her crew is likely to come across during the cruise: two long-range radio sets, and enough motion-picture and still cameras to stock a store.

The Nomad, destined for the round-the-world sailing, was originally built for just such a cruise by a Danish nobleman, Count Holstein-Rathou, who later abandoned his project. His name then was Valkyrie. Fifty feet long, she has a sixteen-and-a-half foot beam, and a draft of six and one-half feet. Salty is her chief means of travel, but as auxiliary power she has a sixteen-horsepower Frisco-Standard gas engine.

Al Hansen and Salty will first sail to Panama via West Coast and Central America ports, thence to Galapagos and Marquesas, the Tuamotus and from there where fancy may direct.

SPECTERS DICTATE DOOM

Fear-Harried Federal Worker Leaps to Death from Fifth Floor of Hotel

PETTICOAT-WILL HEIRESS FREED

Wife Charges Nonsupport After Spending Legacy on Husband

Mrs. Lorraine Handelbusch spent most of the \$150,000 she received through the probate of the "petticoat will" of her grand-uncle, George Hazelton, and her husband, George H. Handelbusch, she told Superior Judge McCormick yesterday during the course of her divorce trial, in which she won a decree on grounds of cruelty and nonsupport.

The will by which she inherited her fortune was one of the most unusual on local court records. It was written on the starched undershirt of a hospital nurse's uniform when the testator lay dying.

The owner of the sanatorium, where Hazelton died, was given a portion of his estate.

English music halls are banning "freak" acts, showing "half-man-half-woman," "spider men," "sword swallowers" and like human curiosities.

CAPELLA CHOIR WILL SAY ADIEU

Farewell Program Will Be Given at KHJ Tonight

Many Other Good Numbers in Evening's Offering
Boxers to Make Debut Via KPLA Microphone

BY DR. RALPH L. POWER
When the hour of 9 o'clock rolls around tonight at KHJ, the Don Lee station, the Smallman & Capella Choir will be on the air for its farewell broadcast from the station, according to Glenn Dolberg, station manager.

The series of Wednesday night programs of the group from KHJ has formed an excellent radio feature, and thousands of fans sincerely will regret the departure of Mr. Smallman's organization from the Don Lee station.

The advance, for tonight's radio broadcast, includes the Voigt Boatman's song; "Silver Swan;" the Australian Up Country Song; an early English madrigal, "Sing We and Chant It," and "Hallelujah," from Handel's "The Messiah."

The studio symphony orchestra, directed by Charles Shepherd, will also take part in the 9 p.m. broadcast.

BOXERS TO APPEAR IN BROADCAST DEBUT

On KPLA's 10 o'clock hour tonight, the two boxers will be given a brief talk, while tomorrow at the same time Armand Emanuel is due for his radio debut. The Fox Criterion Theater is going to give a prize to the better speaker. Emanuel is rated as a snappy spiker, but has had a background of legal training which might give him a decided advantage.

WHITNALL TO LECTURE

Gordon Whitnall, City Planning Commissioner, will speak to city and county employees and others in Room 360, City Hall, at 2:30 p.m. today, according to an announcement of the school of citizenship and public administration of the University of Southern California.

WHITNALL TO LECTURE

KENNEDY-SUIT TO BE FOUGHT

Evangelist's Lawyer Scorns Compromise Talk

Her Visits to Hotel Named by Seattle Man Admitted

Clark Pictured as Preying on Woman's Sympathy

SEATTLE. April 10. (P)—There will be "no compromise or settlement" of the suit filed here Monday by H. H. Clark, Seattle minister asking \$50,000 from Mrs. Minnie E. Kennedy, mother of Alene Semple McPherson, Los Angeles tabernacle evangelist, for asserted breach of promise, John S. Robinson, Seattle attorney retained to defend the suit, emphatically declared here today.

"No settlement will be considered," he said, "and these people will either have to come into court and attempt to prove their charges or else dismiss the suit. The charges are so scurrilous in their nature that there must be a complete show-down in the matter."

ANOTHER NAME USED
McPherson said Mrs. Kennedy admitted having been at the hotels named by Clark when he asserted that he kept trysts with her. Mrs. Kennedy also used the name of Mrs.

COOKING SCHOOL ENDS EXISTENCE

Institution Founded in 1874 Disbands and Charity Will be Beneficiary

NEW YORK, April 10. (P)—Because there is insufficient interest the New York Cooking School, established in 1874 by society women to instruct wives, daughters and domestics, has been dissolved by court order.

Its property is to be sold for charity.

M. C. Clark, by whom name the minister said he knew her until he saw her picture in a newspaper.

These facts, the lawyer added, are no concession to the charges made by Clark. He likewise denied that Clark ever knew the evangelist as "Mrs. Clark."

PICTURES DIFFER
Robinson's picture of the meeting of the two is the antithesis of that painted by the pastor. Clark asserted that the couple met in a second-run motion-picture theater and that the evangelist made the advances. Robinson charged, however, that the minister virtually forced himself upon Mrs. Kennedy until she "felt sorry for him."

"There is no truth whatever in Clark's charge of intimate relations between them," Robinson said. "Mrs. Kennedy's only actions toward him were prompted by char-

INTIMIDATION LAID TO HARDY

Former Grand Juryman Says "Lay Off" Remark Made

Senators Electrified When They Hear Accusation

McPherson Kidnapping Story Put in Trial Record

(Continued from First Page)

written statement containing five points. They are: That the truth or falsity of her story is immaterial to the present case; that Judge Hardy's conduct in the trial of the kidnapping incident throws no light on the impeachment trial; that if that matter is opened it will require many witnesses and much testimony and that if the issue is widened it would be too heavy a burden on the defense.

He then offered to stipulate that she disappeared from Ocean Park May 18, 1928, and reappeared at Douglas on June 22, making the assertion that she had been kidnapped and held for ransom.

INTENTION TOLD

Mr. Little said that it is not the intention of the managers to try the McPherson story.

"We are not interested if she told a lie or not," he said.

But the managers, Mr. Little continued, do lay claim to the right of showing the main facts that an investigation of the matter was commenced which the articles of impeachment charge Judge Hardy to block.

He refused the stipulation, preferring to handle his case in his own manner, and Lieut.-Gov. Carnahan ruled in his favor. That was a rather unusual decision, the managers asserted that the Senate will hear many intimate details of a topic which still is live discussion.

Mr. Hyde then started to relate what he entered the act room of Mrs. McPherson's office, where T. H. Harriet was one of Frank T. Harriet's closest friends, having guided the young aviator through the exciting period following his trans-Atlantic flight.

So far as he learned by a checkup late tonight of the principal airports along routes likely to be traversed by Col. Lindbergh, he apparently had made good his threat to "disappear again."

LINDBERGH LIPS KEPT CLOSED

(Continued from First Page)

ing outfit, indicating that his "unannounced destination" in the near future may be a remote vacation spot.

Col. Lindbergh is expected to be in New York Saturday when the body of Ambassador Myron T. Herrick is returned from France. The Ambassador was one of Frank T. Harriet's closest friends, having guided the young aviator through the exciting period following his trans-Atlantic flight.

So far as he learned by a checkup late tonight of the principal airports along routes likely to be traversed by Col. Lindbergh, he apparently had made good his threat to "disappear again."

LOWDEN STUDIES CROP INSTITUTE'S WORKINGS

ROME, April 10. (P)—Ex-Gov.

Frank O. Lowden of Illinois, here

for his last stopover on a Mediterranean trip before sailing for home Friday from Naples, is studying the workings of the International Institute of Agriculture. The institute collects crop reports and statistics from all the countries of the world. Lowden said the institute has been performing a real service for the farmers of America and the rest of the world. Lowden denied reports that he is a possible candidate for one of the several vacant ambassadorships in Europe.

Mr. Little announced during the testimony that he wants this story to show that Mrs. McPherson asserted her captors were Rose, Steve and Frank to go side by side with the defense.

Mr. Sheriff Dewart that he investigated and reported to Judge Hardy that there was a trio on the border

On cross-examination by Mr. Carr he admitted that Mrs. McPherson did not give the last names of the trio, and moved to strike out the testimony on that ground. He was overruled.

Mr. Hyde continued his direct testimony to a day at Angelus Temple shortly after her return when a statement, for newspaper consumption, was issued by Mrs. Kennedy to the effect that Mr. Hornblower and Mr. McPherson were there. Mr. Hardy was there, he said, and Mrs.

STEVE AND ROSE
Mr. Little announced during the testimony that he wants this story to show that Mrs. McPherson asserted her captors were Rose, Steve and Frank to go side by side with the defense.

Mr. Sheriff Dewart that he investigated and reported to Judge Hardy that there was a trio on the border

On cross-examination by Mr. Carr he admitted that Mrs. McPherson did not give the last names of the trio, and moved to strike out the testimony on that ground. He was overruled.

CARR MAKES MOTION

As soon as the morning session of the court had been called, former Senator Carr of defense counsel made his motion to the Angelus Temple ledger book and ledger takes the lead in evidence in the assembly manager. Counsel for Judge Hardy tried yesterday to prevent the introduction of the books which showed the entry of the \$2500 item paid to the judge, but were "overruled." Carr maintained that the books were introduced by the defense.

DENIAL VOICED
In reply to an affidavit supposedly made by Mrs. Lorraine Wiseman Sieff, declaring that he had asked her if she could produce a woman known as "Miss X" in the McPherson case, Judge Hardy today said:

"Mrs. Wiseman Sieff, when she says that I induced or suggested or intimated in any manner that she produce a fake witness or frame any evidence."

The boy answered to her quoted statement that he is a member of the District Attorney's office of Los Angeles county, concurred in by his two assistants, made in open court before Judge Stephens in Los Angeles, as follows:

"I have had a preliminary hearing with Mrs. Sieff. She has changed her story almost daily until it now contains so many contradictions and inconsistencies to the one given in court that she has become a witness for whose truth or credibility my prosecutor could doubt."

Assemblyman Hornblower reiterated the motion of the defense, pointing out that the defense had admitted the admissibility of the evidence by cross-examining the witness. "Brother" Arthur, after the books had been placed in evidence.

RULING MADE

Mr. Carnahan declared that the books should remain in evidence since one of the articles of impeachment charges that the defendant received a \$2500 check and the evidence showed that the check was drawn by Arthur as the book-keeper for the Temple.

Senator Carr of Modesto, one of those who were in the secret session of the Senate during the arguments over Hardy's demurral, defended the judge, was the only Senator on the roll call to vote to exclude the admission of the journal of Angelus Temple. Thirty-seven Senators voted to keep the journal in evidence.

REPLYING TO JUDGE HARDY
On the question of throwing out the Temple ledger, three Senators, Garrison, West of Alameda, and Lyon of Los Angeles, another of those who defended the judge in the executive session of the Senate, when the sufficiency of the articles of impeachment was questioned by the defendant last month, voted with the defense, while the thirty-five members sustained the contention of the Assembly managers.

ANOTHER VOTE

Following the vote Mr. Carnahan ruled that only the entry of the \$2500 check may be considered. Assemblyman Hornblower maintained that the entire document be put in evidence for the purpose of refreshing Arthur's memory. Ray Nimmo of defense counsel objected to Hornblower's request and was sustained by the presiding officer, Garrison. Hornblower asked the Senators to pass on the question as to whether the evidence in the ledger and journal respecting entries other than those relating to the \$2500 check should be stricken out. It had been pointed out that an entire roll of entries had been made by various persons under the column headed "Legal and Defense."

LIQUOR ON SALE ON LEVIATHAN

(Continued from First Page)

will be for single drinks rather than for bottles of liquor.

SAYS IT'S LAWFUL

"The United States Lines, Inc., will observe in every way the laws of the country in which it is operating. Garrison, the managing director, Mr. Sheedy as saying: "Under the law every vessel in international trade carry specified amounts of liquor under permit issued by the government. All other trans-Atlantic passenger vessels serve liquor and it is advised that the law does not place American vessels under any handicap in this particular."

AMERICAN RUNS REBEL GANTLET

Every Terror Experienced in
Ten-Day Abduction
Companion's Boasts Result in
Jail and Starvation
Death Sentence Pronounced
on "Federal Aviator"

EL PASO (Tex.) April 10. (P)—A tale of abduction by Mexican rebels, of near-starvation in a filthy Mexican prison, while a mob outside clamored for his life, and of being forced to eat his own excrement, is the one told by S. E. Gilbert, 25 years of age, an oil company attache of Eastland, Tex., today.

Gilbert arrived here bedraggled and dirty from a ten-day involuntary sojourn in the heart of the rebel country with a companion whose boasts of his prowess as an aviator nearly cost both their lives. Before his eventful trip Gilbert weighed 165 pounds, he said. Today he looked as if he might weigh a scant 140.

SCANTY FARE

"I had exactly four and a half tortillas, half an apple and half an orange in the ten days, they held me," Gilbert said, "but the worst of it was torture to death. We had close call, and it all came about from my chance companion's boasting."

En route from Eastland to El Paso by automobile for an Easter holiday Gilbert picked up a man named Butler, he said, and together they planned to kidnap the King.

Two months ago when the company extended its run from Phoenix to El Paso and opened hangars there Coenen, considered one of the ablest of the company's mechanics, was sent to the Texan city to work on planes for that line.

According to information received here yesterday the rebels learned of his ability and, having no experts to care for the three planes they are said to be carrying south on their train, then abducted Coenen.

Coenen, who is married and the father of two children, has been with the company two years and resides at 4248 Budlongs avenue.

DEATH SENTENCE

"It seemed as if Butler couldn't stop talking about flying for the Federal. He told some of the officers we had flown a Federal plane over Jimenez and had landed outside the rebel lines. It happened that a few days before a Federal plane had bombed Jimenez and a woman and a child were killed. The rebels concluded we were the aviators who had done it, and on Thursday we were informed we had been sentenced to death and were to be shot at sunrise Friday. Our arms were bound behind our backs with wire."

Gilbert exposed scars above the elbow on both arms which he said were caused by the wire snakelike.

The two Americans were rescued from their predicament by the intercession of Robert Swain of El Paso, a member of Gen. Escobar's staff, Gilbert said.

"I don't know what became of Butler," Gilbert said. "We were released, but in my desire to go on this side of the international border I lost track of him. I heard some rebel officers talking about the mysterious Dr. Kay being killed somewhere south of Calimahua City last week."

EXPERT ON PLANES REBELS' PRISONER

So Hoover Officially Tells
Nation of Selection

Senate Will Consider Name
at Extra Session

General Coming Home After
Santo Domingo Work

WASHINGTON, April 10. (P)—Selection of Charles G. Dawes as Ambassador to Great Britain was announced formally today at the White House on receipt of assurances that his appointment will be personally welcomed by King George.

The nomination of the former Vice-President will be sent to the Senate by President Hoover early in the special session that begins Monday. His confirmation is expected without even the formality of reference to the Foreign Relations Committee.

After confirmation Gen. Dawes will be given a leave of absence by the President so that he may complete the work of reorganizing the financial department. Santo Domingo is the post which he is engaged to proceed to London.

SENT TO KING

Because of the unusual circumstances created by the selection by President Hoover of a former Vice-President as his personal representative at the Court of St. James, the British Foreign Office sent the American inquiry as to acceptability to the King, who is recuperating at Craigwell House near Bognor, Sussex. This accounted for the delay in the reply to the inquiry.

Gen. Dawes probably will not sail for London before June 1 as he will have to spend some time here acquainting himself with British-American relations and pending

HE KNOWS LONDON

Gen. Dawes will be no stranger in London. He made frequent visits there while he was a member of the Allied Supply Control Commission in 1918-19. He returned in 1920 and then he cut off red tape right and left in getting the transports necessary to move American soldiers overseas in 1918.

His ability and directness are credited with having made a favorable impression on the British, an impression which was repeated in 1921 when he was appointed to the Dawes Commission which presented the original plan for the first settlement of the German reparations problem after the war.

Announcement of the selection of Gen. Dawes created a favorable impression here both in diplomatic and political circles, and President Hoover was congratulated by his friends on the appointment.

FACES MAJOR PROBLEMS

On his arrival in London Mr. Dawes will find before him one major and several minor questions effecting British-American relations.

The major one is that of further limitation of naval armaments involving cruisers and other auxiliary fighting craft, to round out the agreement affecting battleships and airplane carriers reached at the Washington Arms Conference in 1921.

Among other questions are the arbitration treaty proposed by Secretary Kellogg late in 1927 to replace the Root treaty which expired on June 1, 1928, and the vexed question of the freedom of the seas, which has been more of less dormant since the Paris peace conference.

By that time the rum treaty negotiated in 1920 by Gen. Hughson may be up for reconsideration as a result of the exchanges now going on between the United States and Canada over the sinking of the Canadian schooner I'm Alone by a Coast Guard cutter in the Gulf of Maine.

Operations under this treaty have led to several international incidents and there is a general feeling here that both the American and Canadian governments must be willing to review its terms in the not-distant future, with a view either to its modification or its abrogation.

DAWES ASSURED WELCOME TO DUTIES IN LONDON

LONDON, April 10. (P)—Gen. Dawes today was assured of a hearty welcome from the British people and British government officials in carrying out the functions of his Ambassadorship.

"American in public life could be better fitted for the important post to which Gen. Dawes has been appointed than the official members of the Foreign Office staff who pledged him the earnest co-operation of the Foreign Office.

SIERRA COMPANY ASKS PERMIT FOR NEW LINE

WASHINGTON, April 10. (P)—The Federal Power Commission today announced receipt of an application from the Sierra Pacific Power Company of Reno, Nev., for permission to construct a transmission line of 60,000 volts capacity and approximately forty-one miles long, from an existing line at Truckee, Cal., through Western Nevada to Loyatton, Cal.

The line will supply power to consumers near Loyatton and Pioche, Cal.

ARIZONA'S FEDERAL JURY ENDS WORK

PHOENIX, April 10. (P)—The Federal grand jury after returning fifty-five indictments in cases involving violation of Federal laws, was dismissed at noon today, having completed in little more than two days the huge mass of evidence brought before it through operations of Federal agents during the past two months.

BAY CITY PHYSICIAN DECORATED BY ITALY

CHICAGO, April 10. (P)—Charges of conspiracy linking Oscar De Priest, negro Representative-elect of the First Illinois District, with the vice gang in the South Side negro section are to be dropped for want of evidence, the State's Attorney's office announced today.

DE PRIEST TO ESCAPE CONSPIRACY CHARGES

Modest Altschuler
Conductor

David Bingham

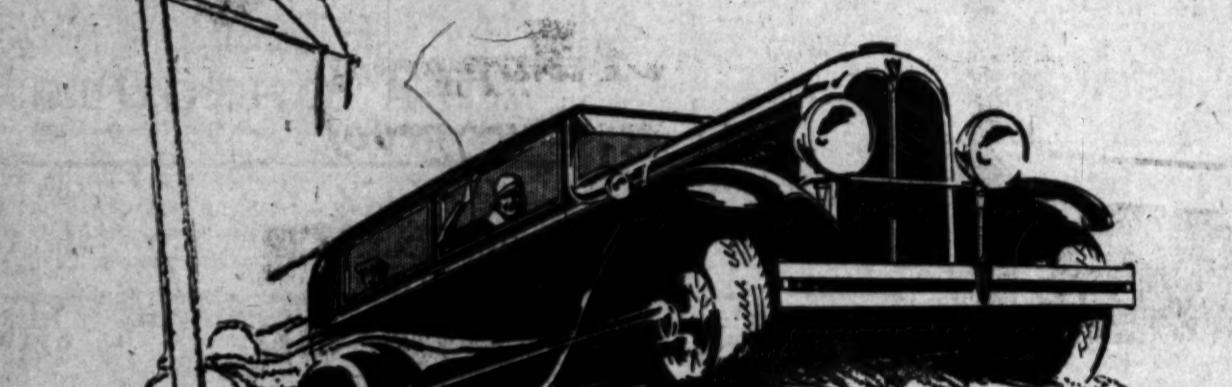

For many years Modest Altschuler has been identified with symphonic music in this country, and always as a leader in presenting new and unfamiliar programs. For twenty years he was conductor of the New York Symphony Orchestra of New York. His extensive tours took him to every part of the United States and Canada. He counts among his friends all of the musically great of the past twenty-five years, and in addition a vast number of music lovers who have heard his programs. He is loved and respected by all who know him. Recently he came to California to make his home, and upon invitation of the City of Glendale, consented to conduct the annual series of concerts given by the Glendale Symphony Orchestra. In company with the most prominent artists of the city, Mr. Altschuler has purchased a

Brakes - another All-American feature that arouses owners' enthusiasm . . .

In thick traffic . . . where quick, sure deceleration is imperative. On slippery pavements . . . where equalized action is the crying need. In hilly country . . . where ordinary brakes heat up and drag and sometimes even stall the engine. Under all these conditions the brakes of the New Oakland All-American have proved their superiority.

Internal-expanding . . . they are fully protected. Unaffected

by mud or rain or ice. As a result they maintain their high efficiency in any weather. They are always positive and smooth in action . . . always exceptionally quiet.

Yes . . . Oakland's brakes are far from ordinary. But the same is true of everything else in the New All-American Six. Come in . . . and we will show you how much more it offers for its price.

Consider the delivered price as well as the list price when comparing automobile values.

Options . . . features delivered separately, many of which add extra charges for delivery and financing.

PRICE CONTROL OF OIL DENIED

Detering Sailing After American Parley
European States No World Agreement Reached
Believes Better Picture of Industry Created

NEW YORK, April 10. (Exclusive) Sir Henri Detering, sailing for Europe today, took occasion to deny that any agreement to regulate oil production and price control had been reached either on this visit or on any previous conference with American oil men. He made that statement in reply to a recent charge by Senator Joseph T. H. Tamm, of Wisconsin, at a conference held last summer on Sir Henri's estate in Scotland, at which William C. Teagle, president of the Standard Oil Company of New Jersey, was present.

His statement came at the conclusion of a visit made to attend conferences here on limitation of production of petroleum. American oil executives agreed on a plan which they believed reflected the Hoover administration to the avowed surprise of the framers of the plan.

UNDERSTANDING DENIED

Sir Henri also denied that any understanding had been reached with him on allocation of oil in world markets through the recently formed oil control association by American executives.

He reiterated previously expressed views that it would be better to conserve the world's oil resources and maintain prices within a moderate range than to write things up or down which would be market but declined to comment on the decision against the American conservation plan by the Federal government. He had no desire, he declared, to run counter to any country's laws.

Commenting on the recent trade agreement reached in London with soviet oil trusts on marketing of Russian oil in England, Sir Henri said the soviet trading statement emanating from Moscow at the time that the Russians had made no concessions on the principle of compensation for oil, which Sir Henri repeatedly had declared was "stolen" by the soviets.

According to his visit, Sir Henri declared that he thought that all oil men now had a better world picture of the industry than they formerly had, and also that they understood the views of one another better.

WAR VETERAN
CLEANS SLATE
Service Bars to Which He's
Not Entitled Sent Back
to Ease Conscience
WASHINGTON, April 10. (AP)—The War Department has received an unusual contribution to its conscience fund in the form of service bars from a former service man who said he is not entitled to them. The bars are those of the Meuse-Argonne and Aisne-Marne offensive and defensive sector.

PARIS, April 10. (AP)—Charles Jules Brandt, a Philadelphia banker, has been selected as a member of the Indian Affairs, but he has not yet accepted, although he is invited to do so.

Mr. Brandt was in Washington

and met with Secretary Wilson

and Secretary Willard by friends of

the Indians as a type of man who

should look after Indian affairs and

as a man who would look upon it as

a large welfare proposition rather

than as a job.

The Philadelphia banker, who is

a member of the firm of Brown

and Brandt, has agreed to confer

with his partners in business as

soon as he formally accepts

the position.

WILLARD MARTIN

PHILADELPHIA, April 10. (AP)—President Moncada of Nicaragua has issued a statement denying having said that the Nicaraguan government has not requested the assistance of the United States and has asked for the withdrawal of American marines.

American Minister Eberhardt at

Managua telegraphed the statement to the State Department today, where it was made public.

GUSHER OPENS
NEW OIL VISTA
Test Well Comes in Near
Farmington, N. M.

State Expects Wealth From
Pennsylvania Formation

Drilling Has Been Steady
Since August, 1925

PARMINGTON (N. M.) April 10. (AP)—The Continental and Santa Fe oil companies, operating on the Rattlesnake structure, have drilled a test well No. 17 as a deep test. It came in as the largest gusher in New Mexico from a depth of 6771 feet. The flow of oil is estimated at 1500 barrels, testing 38 deg. gravity. The rock pressure is 850 pounds per square inch.

This is the first production of commercial value to be obtained from the Pennsylvania formation in New Mexico and is of tremendous importance to the State, because the Pennsylvania formations are thought to be the deepest, in a number of places.

This well was spudded in August

29, 1925, on Sec. 2, 29-19, and has been drilling continuously since, but much of the time was spent on fishing jobs. This strike is believed to mean millions of dollars for New Mexico.

Twenty wells have been drilled on the Rattlesnake structure to the Dakota sands. Their approximate potential production is 10,000 barrels per day.

It is the opinion of the general

foreunner that this new well is the

forerunner of other deep tests which

will be made on the Hogback, Table

Mesa, Tocito and Chimney Rock

structures.

GORILLAS TO APE GOLDFISH

African Species Will Lose All Privacy as Scientist
Pries Into Their Daily Private Lives

WASHINGTON, April 10. (AP)—A new investigation into the how and why of the every-day life of African mountain gorillas will be undertaken by an American psychologist this June, under the auspices of the government of Belgium, the Carnegie Institute of Washington and Yale University.

RUM SHIP NOTE
ANSWER DRAWNCanada to be Answered Late
This WeekTemperate Tone Adopted by
Dominion, Says StimsonQuery and Reply to be Made
Public After Delivery

WASHINGTON, April 10. (AP)—The American government's reply to the formal representations on the Canadian government over the sinking of the rum runner I'm Alone, by a Coast Guard patrol boat, probably will be handed to the Canadian Minister late this week.

Secretary Stimson said today that the department now is preparing a reply to the Canadian representations. He contradicted newspaper reports indicating that the Canadian note is of a truculent nature.

The representations are temperate, the Secretary said, and both the Canadian note and the American reply will be published after the reply has been delivered to the Canadian Legation.

The French Embassy, which became involved in the case after it was found that the seaman who lost his life in the sinking of the vessel was French, has received no instructions from the Paris government on the case.

The embassy cabled reports of the incident to the Foreign Office in Paris but has not yet been directed to make any move.

HOLLYWOOD MUSTACHIO
NOW SUPREME IN PARIS

(Copyright, 1935, by Chicago Tribune.) with modern taste, which inclines to scanty effects and straight lines. The Hollywood mustache, that fine line affair that looks like a misplaced eyebrow, now is the only real chic one in France. The good French gastronomes that still sit on sideways like handle bars on a racing bicycle are out. So decree the French coiffeurs, after a solemn concile.

The vulgarity of the uniform growth of Frenchmen attracted all these years now is only too obvious.

reads the edict. "They were too bushy, certainly out of harmony.

AIR CRASH
KILLS FOUR

to Motor's Failure at
Altitude of 300 Feet

TAMPICO (Mex.) April 10. (AP)—Four persons were killed when an airplane of the Mexican Aviation Company crashed a short distance from the airport here while en route to Brownsville.

A fifth person in the plane was seriously injured.

The dead are: Dennis Taylor, pilot; Blasita N. Newcon, aviator, who was flying as a passenger; J. A. Fernandes, and C. A. Frazer, two lieutenants.

The injured, the fifth passenger, is J. Robinson, the fifth passenger.

The crash came when the motor of the plane had stopped at 300 feet. Taylor, chief of the air corps, for their flight from California to Honolulu in June, 1927.

Insanity Plea
Curb Approved

SACRAMENTO, April 10. (AP)—Freedom for felons acquitted by reason of insanity today seemed doomed in California with the favorable passage by the Assembly Crime Problems Committee of a bill which will order their detention for one to five years.

The bill, as originally drawn by Assemblyman Heisinger of Selma, prescribed a life term in a State insanity institution for offenders, aimed chiefly at murderers, snared most likely to invoke the statute.

TROPHY AWARDED ARMY PAIR

WASHINGTON, April 10. (AP)—Lieut. Lester J. Maitland and Lieut. Albert F. Heberger of the air corps have been awarded the Congressional Medal of Honor upon recommendation of Maj.-Gen. James E. Fecett, chief of the air corps, for their flight from California to Honolulu in June, 1927.

FACES ARRESTWarrant Out for Former
Florida ExecutiveCats Says Federal Charge
Result of Frame-upBoats of Being Able to Give
\$1,000,000 Bond

PENSACOLA (Fla.) April 10. (AP)—A capias for the arrest of former Gov. Catts of Florida, on charges of aiding and abetting an asserted counterfeiting ring, is en route here tonight for service by the Federal marshal for the Northern District of Florida.

Meanwhile, from his home at Dunbar Springs, about forty miles east of here, the picturesque wartime Governor of Florida and Baptiste minister, branded the indictment returned by a Federal grand jury at Jacksonville yesterday the result of a frame-up.

Catts was trying to get me all along," Catts added.

Catts was indicted for aiding and abetting Julian Diaz, Tampa attorney, Mateo Mir, Armando Dominguez and Madeline Leah Burwell, all of Tampa, in a scheme which government agents said was intended to make millions in manufacture and circulation of spurious \$20 bank notes. They charge Catts with having furnished \$3500 to Diaz to finance partly the operations, for which the former Governor was to receive \$25,000 in the fake notes for him.

Catts says that "Diaz and those fellows" have been trying to "frame" him for some time.

"Well, they've tried to get me nineteen times before," he said. "You say the bond is \$17,500? Well, I can make it \$1,000,000 if it needs to be."

He declares, Diaz sought to "frame" him because "I wouldn't let him have any money."

NORTHERN
ITALY FEELS
TEMBLORFlorence and Bologna
Suffer Slight Damage With
No Casualties

ROME, April 10. (AP)—Earthquake shocks were felt throughout Northern Italy today, but no casualties were reported.

Shocks were felt at Bologna at 6:44 a.m. at Florence at the same time, and at Parma six minutes later. Bologna experienced two distinct shocks, preceded by rumbling and tremors. There were no victims.

Florence experienced only one quake, and there was no damage, while Parma felt two undulatory tremors.

The Padua observatory noted a violent shock at 6:43 a.m., the center of which was estimated to be about sixty-three miles away. Moderate registered a slight shock at 6:45 a.m., but there was no damage.

Miner Killed
and Wife Shot
by Gangsters

TRINIDAD (Colo.) April 10. (AP)—A victim of gang warfare, Ralph Solano, a miner, was found shot to death on the El Moro highway near Trinidad. Beside him was his wife with three bullet wounds in her body.

The death from her wounds, Mrs. Solano refused to admit her identity, and then told questioners she and her husband had been taken "for a ride" last night by gangsters who shot them and threw them from their automobile.

Officers linked the shooting with a feud over liquor operations, which is blamed for four other mysterious killings in this district recently.

South Dakota
and Minnesota
Snow-Covered

ST. PAUL, April 10. (AP)—A heavy snow fell in South Dakota and Southern Minnesota, took a block of highways in some places, but halted by farmers as an aid to early crops.

South Dakota and the southwestern section of Minnesota were hardest hit, snowdrifts ranging up to a foot. Pipestem, Minn., reported twelve inches of snow, with highway transportation halted.

Sioux Falls (S.D.) dispatchers told of a foot of snow in many parts of that State.

HE'S NINE DAYS TOO OLD
TO ESCAPE GALLows

SACRAMENTO, April 10. (AP)—A young Allen Ellis, San Francisco youth, sentenced to be hanged at San Quentin prison Friday, may find he was born just nine days too soon.

The 17-year-old Ellis, convicted of slaying Francis O. Weisert, a merchant, appealed to Gov. Young for clemency, asserting that at the time the murder was committed he was but 17 years of age. The State law prevents the hanging of any person under 18.

In the statement to the Governor today, Dist.-Atty. Devore of Fresno county states that he has positive proof that Ellis celebrated his eighteenth birthday just nine days before the crime was committed.

GEN. FOULOIS WILL GO
TO WRIGHT FIELD POST

WASHINGTON, April 10. (AP)—Brig.-Gen. Benjamin D. Foulois, assistant to the chief of the Air Corps, and one of the pioneer aviators of the Air Corps, has been assigned to duty at Wright Field, Dayton, Ohio, as chief of the material division, effective June 30. Brig.-Gen. William E. Gillmore, also assistant to the chief of the Air Corps, who is now chief of the material division at Wright Field, has been ordered to report to Washington by June 30.

JONES ADMITS
SENATORS DRINKAuthor of New Liquor Law
Expresses RegretStatesmen's Use of Booze
Grows Less, He SaysSpeaks at Convention of
Anti-Saloon League

NEWARK (N. J.) April 10. (AP)—United States Senator Wesley Jones, father of the new law which carries a ten-year penalty for prohibition violation, tonight expressed regret that "there are some Senators and Representatives who drink." He argued, however, that there is no excuse for the drinking done by those opposed to prohibition.

Senator Jones was the principal speaker at the regional convention held here under the auspices of the Anti-Saloon League of America. He explained the purpose and intent of the law he sponsored. He declared it will not affect the minor violators and questioned the altruism of "a coterie of young lawyers in New York City" who formed an association to defend certain prisoners indicted on charges of violating the law.

Jones said: "It is charged that Senators and Representatives drink liquor. This is given by many of those opposed to prohibition as an excuse for drinking. There are Senators and Representatives who drink. I repeat.

They and those who hold office and have taken a special obligation to obey and maintain the Constitution and the laws of the land, especially, should do so. Their failure, however, does not excuse any citizen for violating the laws of his country."

"It is charged that Senators and Representatives drink liquor. This is given by many of those opposed to prohibition as an excuse for drinking. There are Senators and Representatives who drink. I repeat.

They and those who hold office and have taken a special obligation to obey and maintain the Constitution and the laws of the land, especially, should do so. Their failure, however, does not excuse any citizen for violating the laws of his country."

STATE'S FROST
LOSS RUNS HIGH

Legislators Told Damage of
\$50,000,000 Suffered

Second Expert Places Figures
at Even Higher Mark

Danger Period Reported Over
for Present Time

SACRAMENTO, April 10. (Exclusive)—G. H. Heck, State Director of Agriculture, in a statement to the members of the Legislature today, described the loss from the frost of the past week in California as "an agricultural calamity."

The director stated that the loss to the fruit crop alone "will reach \$50,000,000."

E. E. Kaufman, chief of the Federal State crop reporting service, was even more pessimistic than Heck in his estimate of the damage. He said that the value of the crops affected by the killing frosts will reach \$110,000,000. Kaufman said it would be conservative to set the frost damage at 50 per cent.

Further, he said, according to the office of the State Department of Agriculture today, selling of additional damage to crops from Siskiyou in the north to Riverside country in the south.

"The most calamitous" was the accident blow ever dealt to the fruit growers of California by the weather," Kaufman stated.

The crops hardest hit by the freeze were peaches, apricots, almonds, plums, cherries, peaches, peaches 50 per cent and cherries and almonds 50 per cent.

The temperature dropped as low as 22 degrees in some sections.

FRESNO REPORT
SHOWS LOSS SMALLER

FRESNO, April 10. (AP)—Peach and apricot growers of Fresno county have suffered a loss due to frost of from 15 to 20 per cent. It was estimated today by County Farm Adviser J. P. Benson. Thompson grape damage, he estimated, at not more than 25 per cent of the crop, while Empire peaches are placed at 15 per cent. The apricot loss is below that made for the State by E. E. Kaufman, the state statistician.

Officials of the State Maid Raisin Growers said today that more time must elapse before they can make an estimate of damage done to vineyards. Weather conditions after a cold snap have a good deal to do with the amount of ultimate damage to the vines, they said.

FROST PERIOD
BELIEVED AT END

SAN FRANCISCO, April 10. (Exclusive)—While State experts today were completing compilations of the crop and fruit damage as the result of several days of severe frost and cold weather in producing areas, the Weather Bureau fol-

MRS. HOOVER PARTY GUEST

First Lady Turns from Staid Role to Participate in Reception to University Women

WASHINGTON, April 10. (AP)—Mrs. Herbert Hoover turned from her role of First Lady today to participate simply as "honored guest" at a reception for about 800 women, most of whom were her contemporaries in various colleges when she was just Lou Henry, co-ed.

She accepted the hospitality of the American Association of University Women, of which she has been a member here for seven years, and she promised during the afternoon to help them entertain another guest next week.

CHATS VIVACIOUSLY

The solemn dignity that has marked Mrs. Hoover's public appearances since March 4 was entirely absent today from the entrance to the spacious club-house to the time she arrived far and wide. She chatted vivaciously with other guests, apparently happy to greet them simply as fellow-club members.

Mrs. Hoover, in college was a member of the Kappa Kappa Gamma Society. Ruth Fesler, White House steward, Mrs. Large, who was dressed in blue, was co-ed at Leeland Stanford University, as was Mrs. Hoover.

**FARMER-GROUPS
UNITE ON RELIEF**

Four Requisites for Bill
Given to House

Congress Committees Busy
Drafting Measure

Senate to Receive Hoover's
Message Tuesday

WASHINGTON, April 10. (AP)—
Three national farm organizations
that have been in disagreement
over farm relief proposals
united today in laying before the
House Agriculture Committee four
principles they believe should be
written into the new agricultural
measure.

The proposal made by
Chairman Haugen of the committee
is in a letter signed by C. E.
Nuff, president of the Farmers' Educational
and Co-operative Union; the National
range, and S. H. Thompson, president
of the American Farm Bureau Federation.

AMERICAN PRICE

The three declare that any legislation
which stops short of attaining an American price for the
farmers' products in order to maintain
the standards of living will not suffice.

"There are in our opinion," they
added, "four requirements which must
be met by any legislation to permit it to qualify properly as farm
relief."

These requirements are a system to
make the tariff effective on all crops

so that surpluses will not depress
the domestic market to world
prices; provision for the control
and distribution of surplus grain; a plan
which automatically will check over-
production; and farmer ownership
and control of marketing organization
with due consideration to co-
operatives already established.

In addition, they said, the Con-
gress should make arrangements
at the special session to keep in
foreign products from competing in
the domestic market.

HOUSE AT WORK

Meantime, a subcommittee in the
House still worked at the task of
drafting the measure. The Senate
Agriculture Committee also went
over the bill before it was referred
to a later meeting.

Senator Watson of Indiana, the
Senate leader, after a visit to the
White House said that the Presi-
dent's message will be received on
Tuesday and that on Wednesday
the farm relief bill will be intro-
duced in the Senate after which
the Senate will adjourn until Thurs-
day.

While the House committee is
holding all other matters in abey-
ance until after it was disposed of
the general farm relief measure,
various other proposals of lesser mag-
nitude are being discussed in
the Senate.

Representative Summers, Repub-
lican, Washington, called at the
White House and discussed a measure
he has introduced designed to
supplement uniform and free
distribution of surplus grain. He said
the committee has arisen in
the marketing of perishable com-
modities. This measure, along with
several others intended to benefit
the farmers, will command the
attention of the house committee
after it has finished with the general
farm legislation.

**Canada Premier
Fights Back on
Embassy Cost**

OTTAWA, April 10. (AP)—Expenditure
of \$500,000 by Canada on its
legation in Washington was defended
by Premier Mackenzie King in
an address in the House of Commons.

Speaking in defense of the admin-
istration budget from attacks by
Conservatives, Mr. King pointed out
that all foreign ministers in Wash-
ington live in buildings owned by
their countries. Complaint of the
expenditure had been made by Hugh
Vincent Massey, Canadian Min-
ister to Washington, said the Pre-
mier, deserved praise from all par-
ties and the country for the man-
ner in which he has represented
the country.

Mr. King had placed his own private
fortune at the service of his country
and received in salary only a small
portion of what he spent.

**Hopi Chiefs Pay
Call on Curtis**

WASHINGTON, April 10. (AP)—
Five chiefs of the Hopi Indian
tribe called on Vice-President Curtis
today to obtain a fence to
protect their cattle.

The Indians appeared in feather
head-dress and war paint. They were
accompanied to the Vice-President's
office by Senator Hayden, Demo-
crat, Arizona. Through an inter-
preter they explained that they need
fence around their land.

**Search Started
for Missing Ship**

CAPE TOWN (Union of South
Africa) April 10. (AP)—Search for the
Danish training ship Kioenpenhagen,
with fifty cadets and a full crew
aboard, which has not reported since
it left Montevideo December 14 for
Australia, has been started from
here.

It is feared the training ship may
have become disabled and drifted
to one of the lonely islands in the
South Atlantic.

**LONG-MISSING GIRL
LOCATED IN FLORIDA**

BROOKLINE (Mass.) April 10. (AP)—
Rosamond More, 17-year-old
daughter of a wealthy Brookline
family, who had been missing three
months, has been located in Miami,
Fla., her father announced today. "I
talked with her over the telephone
yesterday with her father, Edward
W. More, Jr., and she seemed well
and happy and appeared anxious to
return."

**Those
Who Dance...**

Announcing An Event of Supreme Importance to Those who Appreciate the Finer Things In JEWELRY and Recognize Values Far Greater Than Are Usually Offered to the Public

A MIGHTY STORE-WIDE STOCK ADJUSTMENT

Campbell and Ginder have ever strived to offer friends and customers one of the city's largest and most varied assortments of jewelry and kindred articles, from which to make their selections. In the years before us we have had many occasions of unparalleled magnificence—A mighty appeal to the thrifty right at a time when saving is most appreciated. The energies of our entire organization will be devoted to making this the outstanding sale event of the year. There will be no deviation from the uniform high quality of our merchandise and our usual guarantee of complete satisfaction will be back of every purchase, the same as though regular prices were paid.
